

THE SCIENCE:

The "Hunter" is a new, revolutionary step in software creation. Hundreds of virtual models, starting with chromosomes, DNA & cells then to models of organs and joints.

"The Greatest Wealth is Health".

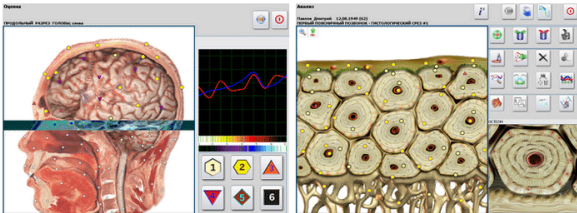

Introducing

a non-invasive therapy which checks the energy wavelengths coming from your body and then counteracts bad frequencies by restoring the optimum balance.

In today's modern world, there is an endless number of external environmental stressors. These range from pesticides and chemical, environmental toxins, radiation and EMFs, toxic metals, plastics, the use of medicines that all end up in our air, food, or drinking water. These pollutants cause disruption in normal biological processes and toxically "load" our systems. Our body can, to a degree, cope with these stressors, but when it gets too much, the result is an illness.

This innovative equipment will evaluate not only tissues of human organism, but also an ultra structure of microbial agents, viruses, parasites, febrile diseases, toxoplasms and then trace which parts of your bacterial cells that medications influence.

EFFECTIVE TREATMENT FOR VARIOUS CONDITIONS, INCLUDING:

- SMOKING CESSATION
- STOMACH PAIN
- ALLERGIES AND RELATED CONDITIONS, SUCH AS ECZEMA AND ASTHMA
- RHEUMATOID ARTHRITIS
- CANCER
- FIBROMYALGIA
- OVERTRAINING SYNDROME

THE HUNTER WILL INVESTIGATE TO THE CHROMOSOMAL LEVEL AND THEN DOWN TO DNA OF HEALTHY TISSUES AND PATHOGENS. THEN KNOWN ISSUES ARE ADDRESSED BY APPLYING THE CORRECT FREQUENCY, DESTROYING PATHOGENS AND BRINGING TISSUE TO THE CORRECT HARMONIC BALANCE.

WHAT PEOPLE ARE SAYING:

I TRIED IT AS IT WAS HIGHLY RECOMMENDED TO ME A FEW TIMES. IT WAS VERY INTERESTING TO SEE HOW MUCH INFORMATION YOU CAN GET (ORGANS, TISSUES, ALLERGIES, DIET, IDEAL SPORTS...). I FOLLOWED THE ADVICES GIVEN TO ME AND I DID A FOLLOW UP 2 MONTHS LATER. WE NOTICED AN IMPROVEMENT OF 35% TO 50% ON CERTAIN ORGANS WITHOUT TAKING ANY MEDICINE. SO YES I WOULD DEFINITELY RECOMMEND IT!

I WAS DIAGNOSED WITH INVASIVE DUCTILE CARCINOMA OF THE BREAST. I WAS ADVISED TO TAKE OUT THE WHOLE BREAST. WHEN I WAS SCANNED WITH THE METATRON HUNTER, THERE WAS NO INDICATION OF MALIGNANCY, ONLY MASTOPATHY WAS DETECTED. DURING THE OPERATION, THE DOCTOR DID NOT TAKE OUT THE WHOLE BREAST BECAUSE IT WAS FOUND OUT THAT TUMOR WAS NOT AS BAD AS FIRST DIAGNOSED. UPON SUBSEQUENT TEST AGAIN, IT WAS CONFIRMED THAT THE TUMOR WAS NOT MALIGNANT. THE HUNTER WAS CORRECT AND THE LAB TEST REGARDING CARCINOMA WAS NOT CORRECT.

I HIGHLY RECOMMEND THIS NON-INVASIVE AND PORTABLE HIGH-TECH DEVICE TO ALL HEALTH PROFESSIONALS.
