

National Home Inspector Examination[®]

Quoted from NHIE

**The National Home Inspector Examination[®]
(NHIE) supported by
the Examination Board of Professional Home Inspectors
(EBPHI) is the Original Exam Creators
for the Home Inspection Profession.**

**Legends Real Estate School
uses the two NHIE Prep Textbooks in their entirety for the
194 classroom hours approved and authorized by TREC.**

The **Mechanical Systems and NHIE Content Manual** and the **Structural Systems and Business Manual** contain more than 900 pages of technical and administrative information, as well as information about the NHIE.

Both volumes together will benefit you, our students, along with being a great technical reference when you become experienced home inspectors.

The Mechanical Systems and NHIE Content Manual

The **Mechanical Systems and NHIE Content Manual** is designed to assist exam takers by reviewing topics such as electrical systems, cooling and heating, plumbing, fireplaces and chimneys, in addition to providing more information about the NHIE itself.

The Structural Systems and Business Manual

The **Structural Systems and Business Manual** is designed to assist exam takers by reviewing topics such as site conditions, roofing, insulation and ventilation, professional responsibilities, and more.
