Report Disclaimer

NMVTIS Consumer Access Disclaimer:

The National Motor Vehicle Title Information System (NMVTIS) is an electronic system that contains information on certain automobiles titled in the United States. NMVTIS is intended to serve as a reliable source of title and brand (http://www.yehiclehistory.gov/nmytls_glossary.html) history for automobiles, but it does not contain detailed information regarding a vehicle's repair history.

All states, insurance companies, and junk and salvage yards are required by federal law to regularly report information to NMVTIS. However, NMVTIS does not contain information on all motor vehicles in the United States because <u>some states</u>

(http://www.vehiclehistory.gov/nmvtis_states.html) are not yet providing their vehicle data to the system. Currently, the data provided to NMVTIS by states is provided in a variety of time frames; while some states report and update NMVTIS data in "real-time" (as title transactions occur), other states send updates less frequently, such as once every 24 hours or within a period of days.

Information on previous, significant vehicle damage may not be included in the system if the vehicle was never determined by an insurance company (or other appropriate entity) to be a "total loss" or branded by a state titling agency. Conversely, an insurance carrier may be required to report a "total loss" even if the vehicle's titling-state has not determined the vehicle to be "salvage" or "junk."

A vehicle history report is NOT a substitute for an independent vehicle inspection. Before making a decision to purchase a vehicle, consumers are strongly encouraged to also obtain an independent vehicle inspection to ensure the vehicle does not have hidden damage. The Approved NMVTIS Data Providers (http://www.vehiclehistory.gov/nmvtis_vehiclehistory.html) (look for the NMVTIS logo) can include vehicle condition data from sources other than NMVTIS.

NMVTIS data includes (as available by those entities required to report to the System):

Information from participating (http://www.vehiclehistory.gov/nmvtis_states.html) state motor vehicle titling agencies.

Information on automobiles, buses, trucks, motorcycles, recreational vehicles, motor homes, and tractors. NMVTIS may not currently include commercial vehicles if those vehicles are not included in a state's primary database for title records (in some states, those vehicles are managed by a separate state agency), although these records may be added at a later time.

Information on "brands" applied to vehicles provided by participating state motor vehicle titling agencies. Brand types and definitions vary by state, but may provide useful information about the condition or prior use of the vehicle.

Most recent odometer reading in the state's title record.

Information from insurance companies, and auto recyclers, including Junk and salvage yards, that is required by law to be reported to the system, beginning March 31, 2009. This information will include if the vehicle was determined to be a "total loss" by an insurance carrier. Information from Junk and salvage yards receiving a "cash for clunker" vehicle traded-in under the Consumer Assistance to Recycle and Save Act of 2009 (CARS) Program.

Consumers are advised to visit www.vehiclehistory.gov (http://www.vehiclehistory.gov) for details on how to interpret the information in the system and understand the meaning of various labels applied to vehicles by the participating state motor vehicle titling agencies.

Additional Disclaimer: The information used to compile this report is aggregated from various government agencies, non-profit organizations, and industry sources. Access to the National Motor Vehicle Title Information System (NMVTIS) is facilitated through VinAudit Inc., an Approved NMVTIS Data Provider. The accuracy and reliability of the information supplied depends primarily on the reporting sources, and all entities involved in compiling this report accept no liability for any errors or omissions. Furthermore, all warranties, expressed or implied, including any implied warranties of merchantability or fitness for a particular purpose are hereby disclaimed.

Recalls & Defects

Recall Subject: Engine

Report Receipt Date: 12/18/2018 NHTSA Campaign: 18v894000

Summary

Ford motor company (ford) is recalling certain 2015-2019 ford f-150 and 2017-2019 ford f-250 super duty, f-350 super duty, f-450 super duty, and f-550 super duty pick-up trucks equipped with an engine block heater. water and contaminants may get into the block heater cable's splice connector causing corrosion and damage.

Consequence

When the heater is plugged in, prolonged corrosion could cause a resistive short, increasing the risk of overheated or melted wiring which can increase the risk of a fire.

Remedy

Ford will notify owners, and dealers will disable the block heater cable, free of charge. once parts are available, dealers will replace the engine block heater cable, free of charge. the recall began June 3, 2019. owners may contact ford customer service at 1-866-436-7332. ford's number for this recall is 18s45.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.safercar.gov.

Recall Subject: Seats:mid/Rear Assembly

Report Receipt Date: 08/28/2019 NHTSA Campaign: 19v633000

Summary

Ford motor company (ford) is recalling certain 2018-2020 f-150 and 2019-2020 f-250, f-350, f-450, and f-550 super duty pickup trucks, and 2018-2019 ford explorer, 2019-2020 expedition, and 2020 escape vehicles equipped with driver and/or passenger's manual front seat back recliner mechanisms. also included are certain 2020 ford explorer and lincoln aviator vehicles equipped with rear outboard seats and manual seat back recliner mechanisms. the recliner mechanisms may be missing the third pawl required for seat back strength, resulting in a loose seat back. as such, these vehicles fail to comply with the requirements of federal motor vehicle safety standard (fmvss) numbers 202, "head restraints" and 207, "seating systems."

Consequence

A seat back with an improperly assembled recliner mechanism may have reduced strength and may not adequately restrain an occupant in a crash, increasing the risk of injury.

Remedy

Ford will notify owners, and ford and lincoln dealers will inspect the seat structure and replace them, as necessary, free of charge, the recall began october 21, 2019, owners may contact ford customer service at 1-866-436-7332, ford's number for this recall is 19c07.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.safercar.gov.

Recall Subject: Engine

Report Receipt Date: 04/08/2019 NHTSA Campaign: 19v278000

Summary

Ford motor company (ford) is recalling certain 2015-2019 ford f-150 and 2017-2019 ford f-250 super duty, f-350 super duty, f-450 super duty, and f-550 super duty pick-up trucks equipped with an engine block heater and previously remedied under recall 18v894. during the previous repair, the block heater cable's splice connector may have been damaged.

Consequence

A damaged cable could cause a resistive short, increasing the risk of overheated or melted wiring, increasing the risk of a fire.

Remedy

Ford will notify owners, and dealers will disable the engine block heater from being used. when replacement cables become available, a second notice will be mailed and dealers will replace the engine block heater cord, free of charge, the recall began may 31, 2019, owners may contact ford customer service at 1-866-436-7332, ford's number for this recall is 19s11.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.safercar.gov.

Recall Subject: Fuel System, Gasoline:delivery:fuel Pump

Report Receipt Date: 06/12/2018 NHTSA Campaign: 18v392000

Summary

Ford motor company (ford) is recalling certain 2018 ford expedition, f-150, and lincoln navigator vehicles equipped with 3.5l gtdl v6 engines. these vehicles have high pressure fuel pump assemblies with welds that can fracture, which may cause an oil or fuel leak.

Consequence

A fuel leak in the presence of an ignition source may increase the risk of a fire.

Remedy

Ford will notify owners, and dealers will replace the high pressure fuel pump and associated components, free of charge, the recall began july 17, 2018, owners may contact ford customer service at 1-866-436-7332, ford's number for this recall is 18s17.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.safercar.gov.

Recall Subject: Engine

Report Receipt Date: 10/23/2017 NHTSA Campaign: 17v672000

Summary

Ford motor company (ford) is recalling certain 2018 f-150 vehicles equipped with 3.5l engines, the cylinder heads may have been machined without lubrication supply holes for the camshaft bearing journals.

Consequence

Without a proper supply of lubrication, the engine will fail, causing a stall and increasing the risk of a crash.

Remedy

Ford is not aware of any affected vehicles outside of dealer control. should owner contact subsequently be required, arrangements will be made to transport their vehicle to a ford or lincoln dealer to have the engine replaced. The recall began october 24, 2017. Owners may contact ford customer service at 1-866-436-7332. Ford's number for this recall is 17s37.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.safercar.gov.

Recall Subject: Seat Belts:pretensioner

Report Receipt Date: 08/31/2018 NHTSA Campaign: 18v568000

Summary

Ford motor company (ford) is recalling certain 2015-2018 ford f-150 regular cab and supercrew cab vehicles, if a front seat belt pretensioner deploys as the result of a crash, the sparks may ignite materials such as carpeting or insulation within the b-pillar area.

Consequence

A vehicle fire could result if materials ignite inside the vehicle,

Remedy

Ford will notify owners, and dealers will remove the b-pillar insulation material and wiring harness tape, and install heat resistant tape, free of charge, the recall began september 28, 2018, owners may contact ford customer service at 1-866-436-7332, ford's number for this recall is 18s27.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.safercar.gov.

Recall Subject: Power Train:automatic Transmission:gear Position Indication (Prndl)

Report Receipt Date: 04/04/2018 NHTSA Campaign: 18v214000

Summary

Ford motor company (ford) is recalling certain 2018 f-650 and f-750 vehicles equipped with 6-speed automatic transmissions and 2018 ford f-150 and expedition vehicles equipped with 10-speed automatic transmissions (excluding expedition vehicles with a rotary gear shift dial on the console), the gear shift cable clip may not be properly seated, allowing the transmission to be in a different gear than indicated by the gear shift lever position.

Consequence

If the gear shift cable clip becomes unseated or dislodged, the gear shift lever position may indicate that the transmission is in 'park' when it may be in a different gear. additionally, despite selecting 'park', if the parking brake is not applied before the vehicle is exited, the vehicle may roll. either scenario increases the risk of a crash.

Remedy

Ford will notify owners, and dealers will inspect the shift cable locking clip and properly seat it, if necessary, free of charge, the recall began on april 13, 2018, owners may contact ford customer service at 1-866-436-7332, ford's number for the recall is 18s10.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.safercar.gov.

Recall Subject: Power Train:automatic Transmission

Report Receipt Date: 04/04/2018 NHTSA Campaign: 18v213000

Summary

Ford motor company (ford) is recalling certain 2017-2018 ford f-150 and 2018 ford expedition and mustang and lincoln navigator vehicles equipped with 10-speed automatic transmissions. a roll pin may not have been installed in the transmission, potentially causing a loss of the "park" function.

Consequence

Despite the transmission shift lever being placed in 'park' and the Instrument panel display Indicating 'park,' the vehicle may roll away after it has been exited if the parking brake has not been applied, increasing the risk of Injury or a crash.

Remedy

Ford will notify owners, and dealers will inspect the transmission to make sure it has the roll pin, installing one if it is missing, free of charge, the recall began on april 13, 2018, owners may contact ford customer service at 1-866-436-7332, ford's number for this recall is 18s09.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.safercar.gov.

6/7/23, 10:17 AM

Recall Subject: Structure:body:roof and Pillars

Report Receipt Date: 09/25/2017 NHTSA Campaign: 17v598000

Summary

Ford motor company (ford) is recalling certain 2018 ford f-150 raptor super cab pick-up trucks not equipped with a moonroof, the structural roof braces may be missing rivets at the attachment of the roof rail, thereby reducing the structural integrity.

Consequence

If the structural integrity is reduced, in the event of a rollover crash, there may be an increased risk of injury.

Remedy

Ford will notify owners, and dealers will install the rivets for the roof brace attachments, free of charge, the recall began october 17, 2017. owners may contact ford customer service at 1-866-436-7332. ford's number for this recall is 17s29.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.safercar.gov.

Recall Subject: Power Train:automatic Transmission:lever and Linkage:column Shift

Report Receipt Date: 10/23/2017 NHTSA Campaign: 17v669000

Summary

Ford motor company (ford) is recalling certain 2018 f-150 vehicles equipped with a 3.3l engine, a 6-speed transmission and a column mounted shift lever, quickly moving the shift lever from park to drive may cause a loss of gear indication on the instrument cluster display and a momentary selection of an unintended gear, such as reverse or neutral before the vehicle achieves drive function.

Consequence

Unidentified or unintended gear selection may cause the vehicle to move in a way that was not intended by the driver, increasing the risk of crash or injury.

Remedy

Ford will notify owners, and dealers will reprogram the powertrain control module, free of charge, owners may contact ford customer service at 1-866-436-7332, ford's number for this recall is 17s35.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.safercar.gov.

Recall Subject: Latches/Locks/Linkages:tailgate:latch

Report Receipt Date: 12/16/2021 NHTSA Campaign: 21v983000

Summary

Ford motor company (ford) is recalling certain 2018 f-150 vehicles with manual and power release tailgates, the tailgate latches may unlatch unexpectedly while driving.

Consequence

Unexpected tailgate opening may allow unrestrained cargo to fall out of the truck bed and become a road hazard, increasing the risk of a crash.

Remedy

Dealers will replace the left-hand and right-hand tailgate latches, free of charge, an interim notification letter was mailed january 31, 2022. owner notification letters were mailed on may 31, 2022, owners may contact ford customer service at 1-866-436-7332, ford's number for this recall is 21s53.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.nhtsa.gov.

Recall Subject: Service Brakes, Hydraulic:foundation Components:master Cylinder

Report Receipt Date: 03/11/2022 NHTSA Campaign: 22v150000

Summary

Ford motor company (ford) is recalling certain 2016-2017 ford expedition, lincoln navigator, and 2016-2018 f-150 vehicles equipped with 3.51 ecoboost engines. the brake master cylinder may allow brake fluid to leak from the front wheel circuit into the brake booster.

Consequence

A loss of brake fluid may result in a change in brake pedal travel, increased pedal effort and reduced front brake function, requiring greater effort and distance to stop the vehicle, these conditions can increase the risk of a crash.

Remedy

Dealers will replace the brake master cylinder. if the master cylinder is leaking, the brake booster will also be replaced. repairs will be performed free of charge. an interim owner notification letter notifying customers of the safety defect were mailed on april 29, 2022. owner notification letters were mailed april 29, 2022. this recall is an expansion of nhtsa recall number 20v-332. owners may contact ford customer service at 1-866-436-7332. ford's number for this recall is 22s11.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.nhtsa.gov.

Recall Subject: Tires

Report Receipt Date: 03/10/2021 NHTSA Campaign: 21v155000

Summary

Ford motor company (ford) is recalling certain 2018 f-150, 2018-2020 f-250, f-350, and 2019 escape vehicles equipped with continental tires. on the affected vehicles, it is possible that one or more tires were cured for too long during tire production.

Consequence

Over cured tires may develop a break in the sidewall, resulting in sudden air loss or belt edge separation which could lead to tread/belt loss. either condition can cause a loss of vehicle control, increasing the risk of a crash.

Remedy

Ford will notify owners, and dealers will inspect the tires, and replace them as necessary, free of charge, the recall began on march 27, 2021, owners may contact ford customer service at 1-866-436-7332, ford's number for this recall is 21s10.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.safercar.gov,

Recall Subject: Exterior Lighting:headlights

6/7/23, 10:17 AM

Report Receipt Date: 02/21/2020 NHTSA Campaign: 20v097000

Summary

Ford motor company (ford) is recalling certain 2018-2020 f-150 trucks equipped with high series led headlamps with autolamp (on/off) functionality, the daytime running lamps (drl) may remain activated instead of dimming to parking lamps when the master lighting switch (mls) is manually rotated from the "autolamps" switch position to "headlamps on." as such, these vehicles fail to comply with the requirements of federal motor vehicle safety standard (fmvss) number 108, "lamps, reflective devices and associated equipment."

Consequence

Drl that cannot dim may reduce the visibility of other drivers, increasing the risk of a crash.

Remedy

Ford will notify owners, and dealers will reprogram the body control module, free of charge, the recall began march 10, 2020, owners may contact ford customer service at 1-866-436-7332, ford's number for this recall is 20c03.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.safercar.gov.

Recall Subject: Suspension:front:control Arm:upper Ball Joint

Report Receipt Date: 04/12/2021 NHTSA Campaign: 21e027000

Summary

Tenneco automotive (driv) is recalling certain moog k500359 ball joints, for aftermarket installation on 2015-2018 ford f-150 trucks. the ball joint may have a misaligned dust boot and may be missing alignment hole and installation warning tag, which may lead to improper alignment of the ball joint.

Consequence

An incorrectly installed ball joint may cause the ball joint stud to break, which can compromise front wheel control, increasing the risk of a crash.

Remedy

Driv will notify owners, and dealers will inspect, and if necessary replace the ball joint, free of charge. owner letters were mailed may 5, 2021. owners may contact tenneco automotive customer service at 1-877-489-6659.

Notes

Owners may also contact the national highway traffic safety administration vehicle safety hotline at 1-888-327-4236 (tty 1-800-424-9153), or go to www.safercar.gov.
