Rev. John and Christine
Zimmerman

“I have attended United Methodist Churches for over 50 years and for whatever reason I just never really felt a part of the church. That is until Rev. John Zimmerman started the mantra, “The church has left the building.” He led us to minister with those in poverty right in our own area. Once I started showing love, respect and building relationships, I finally truly felt I was doing what the church should be doing.”

- Marti Lee, United Methodist Church lay member
