Teacher Phone: (909) 262-1077

Grades : 5 and up (4th grade with teacher approval)

Hello!

We are looking forward to digging deep into God's Word and then practicing art techniques to journal about what we learn. This is a no-stress, no homework (unless you want to practice techniques at home) art class. I hope that by the end of the year you will have a beautiful journal that documents your personal relationship with Christ over the course of a year. I also just love to play with art supplies!

Course Objective

During this course we will be 1) exploring God's word through verses, themes, and Bible stories, 2) discussing how we can apply God's word to our life and our walk with God, 3) spend some time in prayer and personal reflection, 4) learn to apply mixed media art techniques to art journaling, 5) practice the art of "lettering"

Grading and Homework

Grading will be done based on participation and application. Art journaling is meant to be a more abstract, creative use of art and so technique will not be as important as students challenging themselves to be adventurous and try something new. Students will also be asked to participate in class discussion time as we spend time in God's word. Seriously, it's hard not to excel in this class! There is no homework for this class, but students who are in High School may practice techniques at home in order to earn elective art credit.

Text/Materials

Students will need 1 or 2 Mix Media Blank Journals size 5.5 x 8.5 (you can purchase these on Amazon)

I would also recommend that students bring several black sharpies of various points (fine point, extra fine point, fat points) and paint pens if they have them.

I will be bringing a lot of art supplies to class, but students are welcome to bring paints, paint brushes, ink, stamps, watercolors, pastels, scrapbook paper, ribbons, thread, anything that can be used in mix media art is welcome. Please do not spend a lot of extra money, but you may want to search your home for those art supplies that never get used and bring those along!

Bible!! And any other books that students might want to pull quotes or ideas from (christian books)
