

Math Skills - 6th/7th grades - Spring/Fall 2021-2022 -CVCA Instructor: Dottie Tarcon

Phone number: 909-957-0231

Email: dottietarcon@gmail.com

Recommended grades: 6th-7th

Book requirements: NA

Dear Parents,

I am excited to have the opportunity to come alongside you with educating your students. Math can be a dry and difficult subject, but it doesn't have to be! In Math Skills class we will be covering a variety of essential lessons in a fun and engaging way. I will use various teaching strategies including direct instruction (as little as possible), games, group activities and hands on activities. Please feel free to contact me with any questions you may have. - Dottie Tarcon

Course Objectives:

To further students' understanding of essential topics that will be beneficial to both 6th and 7th graders. To develop logical thinking and problem solving skills as well as an awe of the order that God has created.

Topics include: Ratios & Proportional Relationships, The Number System, Expressions & Equations, Geometry, and Statistics & Probability.

Grading (percentage)

NA. Parents will have students work through a math curriculum of choice and be responsible for their students' math grades.

Student Responsibilities

- Contact teacher if there are questions or concerns
- Treat other classmates with respect and love
- Show respect to all authority during classes.

Parent Responsibilities

- Contact teacher if there are questions or concerns
- Keep student on track with their math curriculum at home
- Remind student of behavior policy as needed
