

Citrus Valley Christian Academy

Teacher: Mrs. Caryl Jones

Email: carylcvca@gmail.com

Class: WriteShop I

Grade Level: 6 - 8

COURSE DESCRIPTION

WriteShop I teaches students to write descriptive, informative, and narrative compositions. Students will use their observations and experiences to write strong well-developed paragraphs that include complex sentences of varying lengths. Working independently, students are given clear objectives and tools that will help improve brainstorming, writing, and self-editing skills. We will also be doing grammar through Growing with Grammar Level 7.

LEARNING OUTCOMES

By the end of this course, students will improve and build on their writing skills.

EXTRA INFORMATION

We will be using WriteShop I. Families are responsible to purchase the student edition of Write Shop 1 (One per student). We will be alternating between a paragraph and a grammar packet each week. Students will therefore have a week to work on their writing assignments and grammar packets respectively and will be responsible to turn them in on time.
