

# Swirls Girls Conversation

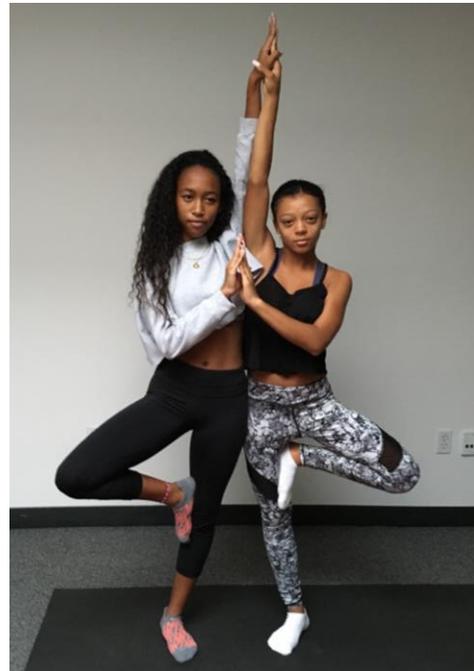

Celebrating multicultural and mixed-race/heritage identities

# About Us

Swirls for Girls is a diversity group based in Los Angeles that brings girls of all flavors together to support and inspire each other through culturally diverse and interactive education, mentorship, friendship and activities.

# History

Swirls for Girls was founded Fall 2008 by Jennifer Taylor with daughters Savannah (10 years old) and Jillian (7 years old). Savannah and Jillian's mixed background made their mom realize that she would not be able to relate to some of their life experiences. Therefore, the organization was formed with the goal to support and inspire each girl through culturally diverse interactive education, mentorship, friendship and activities.
