INTRODUCTION AND HISTORY

OVERVIEW

TDC Learning Centers, Inc. was formed in 1963 when a group of concerned citizens worked together to create one of the first child care centers in Topeka. We have since expanded and now operate several special programs in various locations, providing care and early education for children ages 2 weeks through 6 years.

Our agency vision is to be recognized as an innovative organization providing high quality child care and educational services to a diverse population. Our mission is to provide early educational services and child care to facilitate the development of children and families to their fullest potential.

A TDC priority is that our services are affordable. This is made possible by community support and funding from the following sources: the DCF, Child and Adult Care Food Program, the City of Topeka, fundraisers, grants and donations. We serve many low income, single parent families. However, all income levels are represented in our programs.

You will find an organizational chart outlining the chain of accountability, in your personnel handbook. The agency is headed by a volunteer Board of Directors. The Board sets policy and hires the Executive Director, who is responsible for the hiring and supervision of all TDC staff. The Executive Director's office is located in the central office at 3500 SW 10th Ave.

Each Center is headed by a Center Director who reports directly to the Executive Director. Center Directors supervise all staff and volunteers working in the child care centers. Any concerns or questions by an employee about the center should be directed to the Center Director. The Center Directors meet regularly with the Executive Director and are responsible for presenting staff concerns and suggestions and relaying information back to the staff.

Vision:

TDC will be a recognized innovative leader in providing high quality childcare and educational services to a diverse population.

Mission:

Provide early care and education to facilitate the development of children and families to their fullest potential.

Values:

TDC believes that the wellbeing of the child is the first consideration in all that we do. Our decisions and actions will be ethical, nonjudgmental and compassionate. We will endeavor to foster a love of learning in the children, the staff and others. We will provide opportunities to learn grow and develop to potential. We advocate teamwork, communication and integrity.

Philosophy:

The TDC curriculum is based on the belief that children are continually learning, both in school and out. The center activities will provide learning in all areas of children's development: physical, cognitive, language, social, emotional, and creative. The center activities will give the children many opportunities to practice physical skills, learn problem-solving, gain knowledge of their environment, and practice interacting more effectively with others. They will have opportunities to choose their own activities as well as have teacher-directed activities. Parents are an important part of children's learning and it is believed that communication and working together are important. Staff members are expected to be positive role models for the children and provide the best environment that is possible.

Goals:

To provide a developmentally sound program that:

- Fosters positive self-concept.
- Develops social skills.
- Encourages children to think, reason, question, and experiment.
- Encourages language development.
- Enhances physical development and skills.
- Encourages and demonstrates sound health, safety and nutritional practices.
- Encourages creative expression and appreciation for the arts.
- Respects cultural and social diversity.

POLICIES

All employees of TDC Learning Centers shall follow all applicable policies, rules and regulations.

GENERAL STATEMENT OF POLICY

It shall be the policy of TDC Learning Centers, Inc. to set forth in written form a comprehensive program of personnel policies and practices approved by the Board of Directors in order to have mutual understanding between the Board of Directors and the staff relative to personnel policies. It is recognized that members of the Board of Directors of TDC Learning Centers, Inc. change from year to year and that the staff members may be relatively constant. So consistent practices relating to employees are carried out over the years, these policies are herewith set forth and will be periodically reviewed and revised.

The term "employee" as used throughout these policies shall be all employees reporting directly or indirectly to the Executive Director.

PROHIBITION AGAINST DISCRIMINATORY AND HARASSING CONDUCT

TDC Learning Centers, Inc. does not condone and will not tolerate discrimination or harassment based upon race, color, religion, national origin, alienage, sex, age, or disability. Such misconduct will subject an employee to corrective action up to and including immediate dismissal.

Any employee who believes he or she has been discriminated against or harassed on the basis of race, color, religion, national origin, alienage, sex, age, disability or any other unlawful basis, (including sexual harassment), is required to report the incident in a timely manner.

Furthermore, any employee who has witnessed discrimination or harassment based upon race, color, religion, national origin, alienage, sex, age, or disability or has reason to believe that unlawful discrimination or harassment based upon race, color, religion, national origin, alienage, sex, age, or disability has occurred is also required to report such incidents in a timely manner.

To report an incident of discrimination or harassment, promptly and fully inform either the Executive Director or a member of the Board of Directors of TDC Learning Centers, Inc. of the situation, specifically describing the discrimination or harassment that has occurred.

All reports of discrimination or harassment will be promptly investigated. As such, upon receiving such a report of discrimination or harassment, the Executive Director or a member of the Board of Directors will promptly initiate an investigation into the same. If,

as a result of the investigation, it appears that the allegations of discrimination or harassment are substantiated, the firm will take whatever corrective action, up to and including termination, that it believes appropriate to alleviate the situation.

SEXUAL HARASSMENT

Pursuant to the guidelines on sex discrimination issued by the Equal Employment Opportunity Commission”, TDC Learning Centers, Inc. endorses the following policy:

1. Sexual harassment is unlawful and contrary to the equal employment opportunity policy of TDC. Unwelcome sexual advances or requests for sexual favors or other verbal or physical conduct of a sexual nature constitutes sexual harassment when (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment, (2) submission to or rejection of such conduct by an individual is used as the basis for employment decisions affecting such individual, or (3) such conduct has the purpose or effect of unreasonable interference with an individual’s work performance or creating an intimidating, hostile, or offensive working environment.
2. Any employee who believes she or he has been the subject of sexual harassment should report the alleged act immediately to his or her supervisor, center director, the Executive Director or the Board President. An investigation of all complaints will be conducted immediately. Any employee who has been found to have sexually harassed another employee will be subject to appropriate disciplinary action.

TDC trusts that all employees will conduct themselves in a manner that is supportive of a working environment free of discrimination in any form. Employees are encouraged to raise any questions they may have regarding discrimination or affirmative action with the Executive Director.

EMPLOYEE GRIEVANCES

Definition: A grievance shall be defined as a statement of dissatisfaction over any condition of work which allegedly has an adverse effect on the employee.

The grievance procedure may be used for a grievance alleging discrimination on the basis of race, color, ancestry, national origin, age, sex, sexual harassment, disability, sexual orientation or political or religious affiliation. In addition to the right to file a grievance under this procedure, all employees have the right to file civil rights complaints with appropriate enforcement agencies.

Policy: Employees will be treated fairly in all respects. Employees who feel they have been treated unfairly or unjustly have the right to present their grievances to the supervisory administration for prompt consideration and fair decision.

A grievance may be presented orally or in writing, either by the employee or by a

representative of the employee. Anyone presenting a grievance will be free from reprisal, restraint, coercion, or discrimination. Whenever grievances arise, every effort will be made to resolve them at the lowest possible supervisory level.

Grievance Procedure:

The first step for any employee who is dissatisfied is to discuss the matter with their immediate supervisor. (If the grievance involves the supervisor, the grievance may go directly to the Executive Director as set forth below.) If this discussion does not resolve the matter:

-) The employee may submit the grievance in writing to the immediate supervisor.
-) The supervisor will establish a grievance file, and will respond in writing within one week.
-) If the immediate supervisor's response does not resolve the employee's dissatisfaction, the employee may discuss, and present the grievance in writing to the Executive Director.
-) The Executive Director will respond to the grievance in writing within one week.
-) If the employee is not satisfied with the Executive Director's decision, the decision of the Executive Director may be challenged in writing to the Board President.
-) Board President will appoint an ad hoc Grievance Committee consisting of three Board members. This Committee will conduct an independent investigation of the complaint and/or allegations and will prepare a written recommendation for adoption by the Board. A copy of the recommendation will be given to the aggrieved party.
-) Upon receipt of the recommendation from the Grievance Committee, the Board of Directors at its next regularly scheduled board meeting shall vote to adopt or reject the recommendation.
-) The determination of the Grievance Committee constitutes the final and binding decision.

PROHIBITION AGAINST RETALIATION

TDC Learning Centers, Inc. strictly prohibits and will not tolerate any reprisals or retaliatory conduct against any person because of an individual's opposition to a practice, which such individual reasonably in good faith believes constitutes employment discrimination, harassment or other unlawful activity. This includes not only an individual's opposition toward unlawful activities directed at them, but shall include any participation by an individual in any investigation, proceeding, hearing or complaint of discrimination, harassment or other unlawful activity. It does not matter whether the acts of discrimination, harassment or other unlawful activity that are opposed by the individual are substantiated, so long as the employee had a reasonable good faith belief that the practice opposed was unlawful.

Any person who believes they have been subjected to retaliation because of an employment practice which they reasonably believe to be unlawful, or because of their participation in an investigation, proceeding, or hearing, should immediately report the retaliatory conduct to either the Executive Director or a member of the Board of Directors. This report should be as detailed as possible, including the names of all

individuals involved, the names of any witnesses, and any documents which may support the individual's report.

All reports of reprisals or retaliatory conduct will be promptly investigated. Upon receiving a report of an individual being retaliated against, the Executive Director or the Board of Directors will initiate an investigation into the same. If as a result of the investigation, it appears that the allegations of retaliation are substantiated, the firm will take whatever corrective and remedial action it deems necessary.

WORKERS COMPENSATION

In case of an on-the job injury, the employee must notify all supervisors and contact the Executive Director or Office Manager for proper workers' compensation forms.

Whenever an employee is absent from work and is receiving workers' compensation benefits due to a work-related injury or is receiving benefits from disability insurance, the employee may use available paid leave to supplement the workers' compensation or paid disability insurance payments. Employees will simultaneously be put on FMLA leave.

In no event shall the employee be entitled to a combination of workers compensation benefits, paid disability insurance, and salary in excess of his/her full salary. Available paid leave must be used for this purpose until 1) available paid leave benefits are exhausted; 2) the employee returns to work; or 3) employment is terminated. Leave shall be deducted on a pro-rata amount equal to the percentage of salary paid by the employer. Staff is responsible for providing written documentation from the physician of expected date to return to work. If staff does not fulfill this requirement or return to work on stated date, and they have not communicated with the Executive Director as to the reason, the employee may be terminated in accordance with the attendance policy.

Worker's Compensation Procedures

All work related accidents or repetitive use injuries must be reported to the Executive Director immediately and in no event later than 20 calendar days from the date of the accident or injury. Failure to follow safety procedures may result in denial of claim(s).

If medical attention is needed the employee will see the designated health care physician. If the employee opts to see his/her own family physician without the approval of the employer, treatment will be considered unauthorized and a maximum of \$500 will be paid.

If an incident involved vehicular damage but no employee injury, the police report will be sufficient. Police reports are required for all vehicular incidents unless otherwise designated by police department.

If it is proved that the injury to the employee results from the employee's deliberate

intention to cause such injury, or from the employee's willful failure to use a guard or protection against accident required pursuant to any statute and provided for the employee, or a reasonable and proper guard and protection voluntarily furnished the employee by the employer, or substantially from the employee's intoxication, any compensation in respect to that injury shall be disallowed.

The employer shall not be liable under the Workers' Compensation Act where the injury, disability or death was substantially caused by the employee's use of drugs, chemicals or any other compounds or substances, including but not limited to, any form or type of narcotic drugs, marijuana, stimulants, depressants or hallucinogens, except such drugs or medications which are available to the public without a prescription from a physician and which are used for the treatment of an illness, or which were obtained and used by the employee pursuant to and in accordance with such a prescription.

TDC shall advise medical care providers that an injured employee is covered by Workers' Compensation and medical bills should be submitted to Executive Director.

LICENSING AND TRAINING

State Licensing Rules & Regulations

All staff are expected to be knowledgeable in State Licensing Rules and Regulations for Child Care, and are expected to follow all procedures as outlined in the Rules and Regulations for care of children. The "Laws and Regulations for licensing preschools and child care centers" can be found online at www.KDHEKS.gov and in each TDC center. Ask your supervisor for further information. Failure to follow these regulations may result in disciplinary action, up to and including termination.

KBI Central Registry Background Check

The State Department of Health and Environment requires that every person employed or regularly volunteering in child care facilities submit all names they have ever used, current address, and date of birth to the Kansas Bureau of Investigation for a background check. New employees shall not begin working with children until the background check is completed. If TDC is notified by the State that a background investigation reveals conviction of a crime that disallows you, by Kansas law, from employment in a child care facility, your employment will immediately be terminated

Staff In-Service Training

The "Annual Staff Training Record" is to be kept in the center's staff files throughout the year. At the end of the year the Center Director places it in your personnel file at the central office.

TDC requires that center based employees obtain 15 hours of in-service training per licensing year. Those hours include keeping current first aid and pediatric CPR certifications. In-services must be pre-approved by the employee's supervisor in order for TDC to pay for the cost of the training and to compensate staff for their time. Staff will be compensated for the 15 hours that are required. TDC will pay any costs incurred

for the 15 hours of required pre-approved trainings. Employees who do not complete a class successfully or do not attend a class that has been paid for, will be required to reimburse TDC Learning Centers for the class expense if a refund cannot be arranged. If staff request additional training above the 15 required hours, the request should be made pursuant to the procedure outlined in **Educational Expense Assistance** section of this manual or staff may pay the training cost themselves.

CLASSROOM MANAGEMENT

Discipline

Staff are not to use derogatory or slang names in reference to, or in the presence of the children. Even when used in a good-natured way, such references sound unpleasant to parents and visitors and may detract from the children's self-esteem.

Physical punishment of the children will not be tolerated and will result in ***immediate dismissal without notice***. Physical punishment of any type is prohibited by state licensing regulations, and by TDC policy.

Confidentiality

It is **never** acceptable to discuss individual children in front of other children. It is important that you maintain a positive attitude toward all the children. Discussing the unfavorable aspects of any child at times other than staff meetings tends to make you and possibly others, dislike the child rather than the behavior.

You are required to maintain strict confidentiality regarding the lives of the children and their families. **Disclosing confidential information to anyone but your immediate supervisor, the Center Director and Executive Director may result in your dismissal.**

Child Safety

Young children's limbs are easily dislocated. Never jerk, lift, swing, or throw a child by the hands or arms. A child should be picked up by the shoulders or under both arms.

While on duty, you are expected to give your undivided attention to the children.

Any potentially dangerous objects, such as matches, scissors, medications, etc. are to be in locked cabinets. Teachers' personal belongings are also to be kept in a locked cabinet.

Supervision

All children upon arrival or departure must be signed into the ProCare system by a parent or guardian and present a ticket to staff. All children must be marked in or out on the daily attendance sheet, indicating time of arrival or departure. This must be done at the time when the child is released from the parent/guardian to the receiving staff upon arrival or from the staff to the parent/guardian upon departure. Children will not be

admitted or released without the ProCare ticket. If the system is down, parents should sign in and out children.

If a ticket is not available, and you do not know the person attempting to pick up, it is required that they present an appropriate picture ID and that you check that against the child's pick up list. Failure to do so is cause for dismissal.

Daily attendance sheets must record all children that are absent, on vacation or absent due to illness.

Attendance clipboards are to be kept with each group of children at all times.

Staff/child ratios as required by licensing shall be maintained at ALL times.

Teaching staff must supervise infants and toddler/twos by sight and sound at ALL times.

Teaching staff must supervise children primarily by sight. (For 3's and up. See above criterion for infants and toddlers/twos). Supervision for short intervals by sound is permissible, as long as teachers check frequently on children who are out of sight (e.g., those who can use the toilet independently, napping, etc.).

Head counts of children are to be completed on a frequent basis throughout the day, minimally 2 to 3 times per hour. Head counts are to be checked against the attendance clipboard.

Name to face counts of children must be completed before and after any transition with a group of children from one activity to another and documented appropriately. (i.e. Classroom to playground).

In addition to names to face counts, when a group of children are in transition from one activity area to another, staff must retain close visual supervision of the children at all times during the transition (i.e. Children should not run ahead of the group).

Staff will be aware of where every child is at all times.

Staff will position themselves (do not sit with back to children) and will arrange equipment, furniture and activities appropriately to ensure supervision of all children at all times.

Staff will discuss best position points of supervision (especially in the playground) to avoid clustering in one spot. Supervision should be active and interacting with the children (not just standing and watching).

Staff will adhere to adopted Safe Sleep Policy.

In some cases, special considerations/procedures are put in place to ensure supervision that is specific to children, event or a certain location. The Center Director will outline any special considerations/procedures for their location.

Safe Sleep Policy

1. All child care staff working in the Infant room, or child care staff who may potentially work in this room, will receive training on the Safe Sleep Policy and SIDS risk reduction.

2. Infants will always be placed on their backs to sleep.

3. When an infant is able to turn over independently, the infant shall be placed on the infant's back, but then shall be allowed to remain in a position preferred by the infant. Wedges or infant positions shall not be used.

4. Caregivers will supervise infants by sight and sound at all times. When infants are sleeping, mirrors, video, or sound monitors may be relied on in lieu of direct visual and auditory supervision, but infants will still be visually checked on every 5 minutes.

We will check to see if the infant's skin color is normal, watch the rise and fall of the chest to observe breathing and look to see if the infant is sleeping soundly. We will check the infant for signs of overheating including flushed skin color, body temperature by touch and restlessness.

5. Room temperature will not exceed 75 degrees F.

6. If an infant falls asleep on a surface other than a crib, the infant shall be moved to a crib.

7. If a lightweight blanket is used, the blanket shall be tucked along the sides and foot of the mattress. The blanket shall not be placed higher than the infant's chest. The head of the infant shall remain uncovered. **Any infant may nap or sleep in sleep clothing, including sleepers and sleep sacks, in place of a lightweight blanket.**

8. The infant's head shall remain uncovered during sleep.

9. Each infant shall sleep in a crib or playpen that is free of any soft items, which may include pillows, heavy blankets, heavy quilts, bumper pads or toys. **Pacifiers will be allowed in infants' cribs while they sleep.**

10. Each infant shall nap or sleep in a crib and only one infant shall be in a crib at a one time.

11. No smoking is permitted in the child care facility, or in vehicles when transporting infants.

12. Infants will be provided appropriate "tummy time" when awake.

All parents/guardians of infants cared for at TDC Learning Center's will receive a written copy of this facility's Infant Safe Sleep Policy and SIDS risk reduction information before enrollment.

Classroom Records

Teachers are responsible for classroom records.

Daily attendance must be recorded accurately so that parents and DCF can be billed appropriately. **Teachers must see that parents clock their child(ren) in and out each day.**

Meal counts must be recorded at each meal and snack time.

Signs of illness or injury are to be recorded on the health form. If a child comes in with any sign of injury, record how and where the child says it happened.

Newsletters

Each center is expected to publish newsletters monthly. Staff are encouraged to submit information concerning their classroom activities and any other items of interest to parents to the Center Director for inclusion in the Center newsletter.

Religion

Our children and staff come from a variety of religious backgrounds. As teachers, we must teach the children to respect the beliefs of others and refrain from imposing our beliefs on them.

Authorized Child Escorts

At the time of enrollment parents indicate the individuals who are authorized escorts to pick up their children from the Center. This information is kept on the enrollment form and in the emergency card file at the Center. The individuals listed for contact in case of emergency or illnesses are authorized escorts when parents cannot be reached to pick up a child who is ill or needs medical attention. **Children may not be released to anyone who is not an authorized escort without prior written notice from the child's parent. Staff is required to ask escorts for identification before releasing children. The authorized escorts must be at least 14 years of age.**

In the event someone **not authorized** as an escort attempts to take a child from the center, staff are first to verbally refuse to let the person take the child. If the person still attempts to take the child, ask the person to wait while you call the custodial parent. If the person threatens staff in any way or if he/she is physically or verbally assaultive, call the police (call 911). Then immediately inform the center and the executive directors of the situation.

Authorized Escorts Who Appear to be Intoxicated

(Under the influence of drugs or alcohol)

Staff does not have the right to refuse to release a child to a custodial parent, regardless of the parent's condition. If you think the parent should not be driving, immediately call another staff member to be with you in the classroom and suggest to the parent that alternative transportation be arranged. Offer the parent the use of the phone or offer to make calls to another family member, a friend or for a taxi. If the parent insists on driving, follow them to the car. Record the license tag number, make, model and color of the car. Immediately call the police (call 911) and inform them of the situation. Inform the center and the executive directors of the situation, immediately.

If the person believed to be under the influence of drugs or alcohol is not a parent, verbally refuse to allow the person to take the child. Ask them to wait while you attempt to call the custodial parent or another authorized escort. If the person threatens you in any way or if he/she is physically or verbally assaultive call the police immediately (*call 911*). Then inform the center and the executive directors of the situation.

Field Trips

Field trips should be planned in cooperation with the Center Director. The Directors will schedule use of the vans. Parents must give written permission for each trip. All children will ride in car seats.

TDC Vehicles

TDC vehicles are to be used for the transport of Children. Staff that drives TDC vehicles must have current driver's license information on file at their center and in the central office. It is the responsibility of the individual staff and the Center Director to see that the information is on file, current and correct. Drivers must be 25 years of age or older to drive the van.

Personal Vehicles

Personal vehicles are to be insured as required by law if/when used for business purposes. **NOTE: If children are transported in your personal vehicle, the law requires a rider to your automobile insurance. See your personal auto insurance agent for the details for your own insurance policy.** All individuals who drive on TDC business activities must have drivers license information on file in the central office.

Mileage Reimbursement

If you use your personal vehicle for center purposes, with the prior consent of your supervisor, you will be reimbursed for mileage. To be reimbursed for mileage you must complete a TDC Daily Travel Expense Statement and have it signed by your supervisor. The form is sent to the central office to be processed for payment.

Supplies

Each center has limited funds for purchase of classroom supplies. Teachers are encouraged to use materials available at the center. Grocery shopping is done periodically. Special food items for classroom projects must be requested at least one week prior to planned use. The Center Directors purchase other supplies approximately six times during the year. Planning is essential.

EMPLOYEE TRAVEL POLICY

The Company may reimburse employees for reasonable, out-of-pocket expenses incurred in the conduct of the Company's business.

No written policy can possibly contemplate all potential business circumstances. Accordingly, this policy must also be governed by the exercise of good judgment of employees and supervisors, all of whom are expected to be good stewards of the Company's resources. The reasonableness of a particular expense can depend upon given circumstances. For example, the reasonable cost of lodging and meal expenses in either New York City or Washington, DC would almost always be unreasonable any place in Kansas.

Just because this policy does not specifically prohibit the reimbursement of certain expenditures, it does not mean that such expenditures will necessarily be reimbursed. Given this uncertainty, and the possibility that some claims for reimbursement may be rejected, employees may wish to err on the side of caution and conservatism so they don't find themselves with unexpected expenditures out of their own pockets. Questions to ask with respect to any request for reimbursement are: How would I feel if the Board of Directors reviewed this expense? Would I spend this much if I were on personal business and knew that I had to pay for it myself? If the answer to any of these questions were that you would feel uneasy, then you should not seek reimbursement.

The best time to question the appropriateness of an activity or expense is in advance. If you have doubts that you cannot resolve, consult with your supervisor.

This policy is intended to be a guide to help employees and supervisors determine what is and is not a reasonable expense to be reimbursed. It is not intended to be a set of inflexible rules. The Company recognizes that all situations may not always be treated in an identical fashion. If circumstances arise which an employee or his or her supervisor believes warrant an exception to these guidelines, if at all possible, the employee should seek advance authorization for such expenses. Anytime an exception is made, it must be fully explained and documented on the expense report.

General Guidelines:

Itemized receipts for all reimbursable expenditures due to travel along with the reimbursement form regardless of the amount. Receipts should include the amount, date, place (name and location) and list of item(s) purchased. Documentation is required to show proof the expense was paid by the employee (e.g. the front and back

copy of a cancelled personal check) or a receipt authorized by the business that received the funds.

All expenses must include a detailed description of the business purpose for the expense, names, titles or business, relationship of attendees and place/venue. Request for personal mileage must include the beginning and ending destination and the business purpose of the trip.

The employee's direct supervisor is required to approve employee travel expense accounts within the limits of the budget. The approving supervisor shall review and understand the contents of any expenses he or she approves. The Executive Director's expense account shall be approved by the Chairman of the Board.

Specific Policy in regards to:

Airline Travel

The Executive Director will make all air travel arrangements. Domestic air travel will normally be by coach class by commercial airline. Airline fees for services such as checked bags (one bag limit) are reimbursable while traveling on Company business.

Automobile Travel/Mileage

The Company may reimburse reasonable parking costs, actual tolls incurred and actual mileage driven at the approved mileage rate when it is necessary or reasonable to travel by personal vehicle for Company business purposes. When several employees are traveling to the same location, and where practical, employees should carpool.

The Company may reimburse the cost of mileage incurred by the employee when the employee is traveling by airline and chooses to have a friend or family member transport them to and from the airport rather than parking for an extended period at the airport. Mileage reimbursement will be calculated based upon currently approved mileage reimbursement rate.

Lodging

Executive Director will make lodging arrangements including payment. Hotel and room type should be reasonable in cost and appropriate to the business location. Lodging, meals, and any other business expenses on the hotel bill should be separately itemized. Itemized receipts are required for all lodging. Requests for reimbursement of hotel expenses require a receipt.

Meals

Employees may be reimbursed for personal meals when traveling away from Topeka as approved by the direct supervisor. Meals will be reimbursed per receipts up to \$11 for breakfast, \$14 for lunch and \$25 for supper.

Rental Car

The Executive Director will make any rental car arrangements that are required.

Personal Use: Car rental suppliers have certain restrictions for vehicles rented for business and part business and for vehicles rented for 100 percent personal use. Non-employee drivers (i.e. associates, spouses, other family members) may not be covered for business or part business use. Each employee should understand the car rental supplier's personal use restrictions and any coverage that may be available through the employee's personal insurance when renting vehicles. Obviously, all cost of cars rented for personal use, are personal expenses. If a car is rented for combined business and personal use, the total cost of the rental should be allocated between reimbursable business and non-incident, non-reimbursable personal expense.

Permissible Car Types: Employees renting vehicles for Company business should rent a vehicle type and with equipment necessary and suitable to the occasion (e.g. road conditions and number of passengers) with an objective of minimizing business expense.

Refueling and Other Miscellaneous Charges: Rental car companies charge excessively for refueling the car upon return. Employees should waive the refueling options and make every reasonable effort to refuel the car before returning it. Such reasonable refueling charges are reimbursable, when associated with a business related vehicle rental.

Taxi/Car Service

Out of town: Customary, cost-effective transportation is reimbursable for transportation to and from airport to hotel and to and from meetings for company business only.

Travel Advances

Travel advances may be issued to an employee for use on overnight business travel when the employee is expected to incur significant out-of-pocket expenses and not in possession of a company owned credit card.

The amount of the travel advance is to be included on the expense report completed by the employee upon returning from his or her business trip.

ALCOHOL / DRUG ABUSE POLICY

TDC is committed to providing a safe work environment and to fostering the well-being and health of its employees. That commitment is jeopardized when any TDC Learning Centers employee illegally uses drugs or alcohol on the job, comes to work under their influence, or possesses, distributes, or sells drugs in the workplace. Therefore, TDC has established the following policy:

All of the TDC Learning Centers are nonsmoking entities. There is to be no smoking in **any** facility occupied by TDC. Additionally, there is no smoking when you are working with children OUTSIDE of the facility.

It is a violation of TDC policy for any employee to possess, sell, trade, or offer for sale illegal drugs or otherwise engage in the illegal use of drugs on the job.

It is a violation of TDC policy for anyone to report to work under the influence of illegal drugs or alcohol.

It is a violation of TDC policy for anyone to use prescription drugs illegally. *However, nothing in this policy precludes the appropriate use of legally prescribed medications.*

In the event of an accident resulting in injury to an employee or child, or observations by management that an employee may be in possession of or under the influence of drugs or alcohol in the workplace, TDC reserves the right to require a drug or alcohol test and may, in the Executive Director's discretion, place the employee on administrative leave pending results of any such testing. Violations of this policy, including positive drug or alcohol tests or refusal to submit to drug or alcohol testing, are subject to disciplinary action up to and including termination of employment.

It is the responsibility of the center directors to counsel employees whenever they see changes in performance or behaviors that suggest an employee has a drug or alcohol problem. Although it is not the center directors' job to diagnose personal problems, the center director should encourage such employees to seek help, and advise them about available resources for getting help. Everyone shares responsibility for maintaining a safe work environment and co-workers should encourage anyone who may have a drug

or alcohol problem to seek help.

The goal of this policy is to balance our respect for individuals with the need to maintain a safe, productive, drug-free and alcohol-free environment.

As a condition of employment, TDC Learning Centers, Inc. employees must abide by the terms of this policy. The Executive Director shall be notified in writing, of any conviction or violation of a criminal drug statute no later than five calendar days after such conviction.

STAFF BEHAVIOR

Employee Conduct

The success of the TDC depends to a great degree on its reputation for honesty, integrity, and professionalism. To earn the confidence and respect of the community as a whole, each employee must avoid any personal or professional conduct which might conflict with the interest of TDC Learning Centers, Inc. You are expected to cooperate with ongoing projects at the Center.

It is your responsibility to help maintain a quality program by sharing your concerns about any aspect of the program (including the conduct of other staff) with the Center

Director. The Director cannot attempt to solve problems if not informed of your problems or concerns. Your job satisfaction is important to all of us. Employees are encouraged to make efforts to resolve any conflicts within the chain of command.

Attendance

Regular daily attendance is expected. It is mandatory for each staff member to be on time or inform the Center Director *personally* if she or he must be late. (This includes returning from breaks, lunch or appointments).

Good attendance by everyone is an essential job function to the effective operation of TDC Learning Centers, Inc. Employees are an integral part of TDC and everyone depends on one another. Giving Directors as much advance notice of planned absences as possible will help Directors accommodate leave requests and maintain a positive work relationship. The notice shall include the reason for the absence or tardiness and an indication of when the employee expected to report to work.

FAMILY & MEDICAL LEAVE ACT: Absences due to illnesses or injuries which qualify under the Family and Medical Leave Act (FMLA) will not be counted against an employee’s attendance record. Medical documentation within the guidelines of the FMLA will be required in these instances. To apply for FMLA, please make an appointment with the Executive Director.

Absences and Tardies

Prescheduled times away from work using accrued PTO days are not considered occurrences for the purpose of this policy. Employees will give 10 working days notice when possible. Unscheduled leave is an occurrence. This is also applicable to scheduled staff meetings or other required events, which is considered ½ of an occurrence if you don’t attend

An absence occurs when an employee misses three (3) hours of work or more within a normal work day.

An absence of multiple days due to the same illness, injury or other incident will be counted as one occurrence for the purpose of this policy.

A tardy arrival, early departure or other shift interruption, without prior authorization from the Director is considered one-half occurrence. An early departure is one in which the employee leaves before the scheduled end of his or her shift. This includes scheduled breaks.

Absences and tardiness or early departure will be counted together, but are assigned different levels of severity. Absences are each considered one occurrence; tardiness/early departures are each one-half an occurrence.

Occurrences are counted in a rolling twelve-month period. Occurrences expire twelve months from the date of the incident.

<p>STEP ONE 6TH OCCURRENCE ABSENCES & TARDIES COMBINED</p>	<p>Six occurrences in a 12 month period will be the basis for a coaching discussion between the employee and direct supervisor. The purpose of the coaching session is to make the employee aware that he/she has been</p>
---	--

	absent or tardy frequently enough to draw attention and to be certain that the employee understands this policy and the consequences of the violation. The coaching session will be documented and filed in the appropriate employee record.
STEP TWO 7 TH OCCURRENCE	Any additional unscheduled absence or tardiness in the same 12 month period is cause for verbal warning with documentation. The verbal warning, delivered by the employee's direct supervisor, serves to notify the employee that he/she is in violation of this company policy and that additional occurrences will result in further disciplinary action.
STEP THREE 8 TH OCCURRENCE	The next unscheduled absence or tardiness in the same 12 month period will trigger a written warning putting the employee on formal notice of violation as mentioned above.
STEP FOUR 9 th OCCURRENCE <i>(continued on next page)</i> STEP FOUR 9 th OCCURRENCE <i>(cont.)</i>	An additional unscheduled absence or tardiness to the above in the same 12 month period is cause for a final written warning. This is considered the final step in the disciplinary process regarding attendance and punctuality.
STEP FIVE (FINAL) 10 th OCCURRENCE	An additional unscheduled absence or tardy to the above steps in the same 12 period is cause for termination of employment.

Unscheduled or emergency absences including illnesses shall be reported to the Director prior to the start of business on the day of the absence. Failure to call in or report to work for two consecutive days will result in termination, unless otherwise directed by the Director.

The Executive Director reserves the right to use the discretion in applying this policy under special or unique circumstances. Although occurrences will roll off an employee's records after 12 months, habitual offenders (Those who have established a pattern of absences, such as consistently having 9 or more occurrences in any given 12 month period or routinely calling off on Mondays and/or Fridays) may trigger step discipline even though 12 month old infractions have fallen off, if he or she continues to incur occurrences.

and rips, spaghetti strap tank tops, short shorts, low cut or revealing tops are not acceptable. Open toed shoes are not permissible for staff working with children. Center Directors reserve the right to send you home to change if you are not dressed appropriately. Remember, you are seen by the public and you represent TDC.

Staff Meetings

Visitors

Your friends and family are welcome and may visit when you are **not** on duty. You cannot leave your duties at unscheduled times to entertain or consult with friends or family. You also cannot allow your family or friends to come into the classrooms, center or playgrounds unescorted or while you are on duty. This would be unsafe for the children and unfair to the other staff.

Personal Phone Calls--Including Cell phones and text messaging.

Personal phone calls at work distract your attention and interrupt your class activities and should be limited. However, we understand that it is necessary to sometimes receive calls at work. Instruct your family to call the center phone in case of emergency, and go to the office for those calls. Cell phones are to be set to quiet mode and put away while you are on company time. You may check your messages and use your phone when you are on a scheduled break or if you have received prior permission from your Center Director for special circumstances.

Taking photos with your cell phone is strictly prohibited. These photos breach the TDC confidentiality policies. Failure to follow the rules for cell phone use may subject you to disciplinary action that may result in termination of your employment.

Social Media

Accessing personal social media on the internet (Facebook, Twitter, blogs, etc.) is strictly prohibited during business hours. All events, discussions and/or situations occurring during business hours are proprietary information belonging to TDC and subject to confidentiality and/or conflict of interest restrictions. However, employees may not utilize the internet to access or view internet sites which are pornographic in nature or would constitute a violation of the sexual harassment or discrimination policies. It should be noted that TDC Learning Centers, Inc., has the ability to review an employee's use of the internet and what internet sites an employee has accessed. Moreover, TDC Learning Centers, Inc., specifically reserves the right to access and read any and all information regarding any internet sites viewed by its employees.

Timekeeping Requirements

It is a job requirement that all non-exempt employees must "clock in" in the morning and "clock out" at the end of the workday at their place of work. This is also applicable to breaks. Under certain conditions, (such as off-site training), employees should report time worked to the Main Office using the appropriate form so that their time can be manually entered.

Employees are expected to clock in and out at their scheduled times.

Employees are to clock out and back in for lunch and/or other breaks, with the exception of Kansas Employment Law regarding breaks.

Supervisors recording time not worked will be an occurrence. The time will be adjusted accordingly. Please refer back to Occurrences on pages 28 and 29.

If an employee is unable to clock in/out, the Main Office must be notified immediately so the problem can be corrected, and your time can be recorded. The Main Office is open Monday – Friday from 8:00 am to 4:00 pm and may be contacted via phone at (785) 272-5051. If there is no answer or it is after hours, please send an email to tdc@learnplaygrow.org with your hours.

Printed timesheets should be signed by the employee at the completion of the pay period (every other Monday morning). Your signature verifies the timesheets are correct. If for some reason your timesheet is not correct you must notify your Center Director and/or the Main Office immediately so your hours can be corrected.

Illness and Medical Appointments

Employees who are ill must notify the Center Director (according to center policy) as soon as possible **or at least one hour in advance of the time due to report to work.** Center Directors who are ill are to notify their centers and the Executive Director.

Staff is to follow the same illness policy as for the children. The Center Director has the authority to send a staff member home (or require a doctor's permit to return to work). Doctor and dental appointments should be scheduled, before work, during break, or after work. If it is necessary to take time off from work, please notify the Center Director at least 48 hours in advance (if possible) and schedule appointments to allow for the smooth operation of your classroom. PTO can be used for doctor and dental appointments if desired. (See *Paid Time Off policy* for more information.)

Disciplinary Action

If it is determined that inappropriate conduct has been committed by an employee, TDC will take such action as is appropriate under the circumstances. Such action may range from counseling to termination from employment, and may include such other forms of disciplinary action as deemed appropriate under the circumstances. Disciplinary action ranging from verbal warnings to suspensions will be documented, discussed with the employee and a copy provided to the employee and one maintained in the employee's file.

TERMINATION OF EMPLOYMENT

Terminations are treated in a confidential and professional manner. All employees of TDC Learning Centers, Inc. are employed at will. This means that TDC may terminate the employment of any employee with or without cause, at any time, without advance notice and without liability for wages or salary not yet earned. An employee will be terminated for matters such as, but not limited to the following:

-) Illegal use or possession of drugs or use of alcohol while at work.
-) Use of corporal punishment or physical abuse of children.

This list is meant for guidance purposes only. It is not meant to be exhaustive or to suggest that these are the only reasons for which discipline may be imposed. Discipline, including terminations, may occur at the sole discretion of TDC. Neither the employee manual (presently titled Personnel Handbook), nor any statement contained within it, nor any future modifications of the policies contained in the manual, is to be construed as either an expressed or implied contract of employment for any specified time period or as creating any relationship other than employment-at-will.

Voluntary Termination

Employees may terminate their employment with the agency anytime. To terminate or resign in good standing, Center Directors, Program Directors, Office Manager/Bookkeeper and the Executive Director must give one month notice and all other staff must give a two-week notice, or such period of time as indicated in the terms

of an individual contract. Employees who provide proper notice and complete the final two weeks of their employment (or one month for Center Directors, Program Directors, Office Manager/Bookkeeper and Executive Director) without absence will receive payment for accrued PTO leave. Employees not providing proper notice will not receive PTO pay. Payment will not be made for accrued unused Extended Bank leave.

Final Paycheck

The final paycheck will be available on the next pay day following the termination. If the pay day and the last work day coincide, the final check will be issued on the next pay day.

References

TDC Directors may, at their discretion, provide written references regarding work performance in response to a written request. A copy of the written request and the response is to be filed in the employee's personnel file at the central office.

TDC staff may provide written personal references for others on their own stationary. These references are personal references and are not to be taken as statements from the agency.

Telephone callers requesting information regarding employees or former employees are to be referred to the Central Office.
