Hello,

TDC would thank all our parents who participated in our Parent Survey this year. This feedback is very important to evaluating the care and education TDC provide to you and your children. It will assist TDC staff and board members on how we can plan to improve our services each year. As always, TDC staff is passionate about what we do and are here to support you and your children. We are very pleased with these scores.

Below are the results to our survey along with how we plan to improve TDC's services to you and your children. 5 is strongly agree and 1 is strongly disagree. Please let the TDC Center Directors or myself know if you have questions regarding this survey or any other item you may be concerned with for your children or for yourself.

TDC's Internal Affairs Committee (made up of members of the Board of Directors and Main Office Administration) meets monthly to review, change, or incorporate policies and procedures that are beneficial to families but also ensure safety for the children and teachers. This committee is prepared to review and announce any changes to our inclement weather policy by the Fall of 2022.

TDC's Leadership Team (Main Office Administration and Center Directors) will continue to provide communication in a variety of forms from phone calls, emails, and the Procure: Childcare App. These will contain information about upcoming events at the center, daily sheets for children, important reminders, and closures. As seen in the comments of our survey, we would like to share more details about our trainings in the following weekly or monthly updates that are sent out to your center. We will include celebrations of when a teacher has completed annual training and furthered education. Please reach out to your site Center Director if there are any updates or additional information you wish to see. We will do our best to accommodate your request.
