

MPWC YULETIDE BAZAAR VENDOR FAQs

Q: When do you assign booth spaces?

A: We assign booths the week before the event. This prevents inadvertently assigning vendors next to another vendor selling the same type of product. *However, last minute cancellations and addition of last-minute vendors may result in like vendors being positioned near one another.*

Q: Are there any tables or chairs I may borrow to use during the event?

A: No. We do not have the resources to supply vendors with tables or chairs.

Q: Why are there Direct Sales and other commercial vendors allowed at the event?

A: This is not an arts/crafts only event. Many shoppers enjoy having the ability to get their favorite products without hosting a “party”. We do, however, limit the number of these vendors to approximately 20% of all vendors participating.

Q: I sell food items. Why do I have to pay a 3% tax to the city of Parker?

A: Parker is one of the few cities in Colorado that collects tax on every item sold in the town limits and this includes food.

Q: Why do I have to turn in the Parker Tax form when I either have a (1) Parker Tax # or (2) I am a Direct Sales Consultant living in Parker and my taxes are paid from my company?

A: MPWC must submit an accurate report of the sales from all vendors participating to the Town of Parker. These forms are the only way we can do so. We collect the 3% tax from only vendors who do not fall into these 2 categories; but we need the completed form from everyone. While you may not have to do this at other events, the Town of Parker assures us they expect to see a completed form from every vendor at our event.

Q: When will I get information I need on the day of the event?

A: We will have all vendor documents posted on our website no later than 2 days before the event. It is your responsibility to check the website periodically after November 1st to see when the information is available to ensure you get this critical information.

Q: Why aren't there a lot of food choices for lunch?

A: The Fieldhouse has only a small snack bar with limited choices and there are no restaurants nearby. Our contract with the Fieldhouse prevents us from competing with this. Also, there is no place for things like food trucks. MPWC has absolutely no control over this.
