

Asheville Tea Company

Name of Business

The following products bear the **Good Faith Grown™** label:

Teas and Tisanes

We are 100% natural (no man-made or synthetic additives in our product or process)

We use the following products and/or applications:

Asheville Tea Company blends local, sustainably sourced ingredients into our handcrafted tea and tisane blends. We partner with area farmers and wildcrafters to ensure that our botanicals are clean, fresh, non-GMO, and grown with care. Our source farms grow herbs using natural practices, and many of them are certified USDA organic and certified biodynamic. We are also a proud Appalachian Sustainable Agriculture Project (ASAP) partner.

Our teas are hand-blended to highlight the full and unique flavors of our region. Though our business is not certified organic, we never use artificial flavorings or additives to our own blends – we just let the local flavors steep!

We aim to bring you a lovely cup of tea morning, noon, and night by offering a selection of farm-to-teacup blends in loose leaf and in unbleached, unstapled tea bags. Find us at Asheville area tailgate markets, shops, and cafes.
