For centuries cats have appeared in mythology, folklore, and contemporary culture as symbols of mystery, independence, and grace. The enigmatic allure of the cat has long been a muse for artists across cultures and eras. Graceful yet elusive, independent yet affectionate, the cat embodies a unique blend of mystery and beauty, making it the perfect subject for creative exploration. This exhibition brings together artists who have been captivated by the cat, one and all. From playful depictions to more abstract representations of their mythical side, these fourteen artists have each interpreted their muse in deeply personal and innovative ways

“The Silent Mews” introduces the cat, not as a passive muse but as an active force, inspiring new dialogues about identity and the timeless bond between humanity and one of its oldest, most beloved companions.

This show is a light-hearted one, for art lovers of all ages who appreciate creativity, storytelling, and the connection between humans and animals.

“The Silent Mews” opens at 6.00 p.m. on Friday the 11th of April 2025 and continues till the 30th of April.

12 noon to 7.00 pm daily except Sundays.

Launched in 2007, Tejas is a small but very popular gallery in Kolkata. Currently situated at AJC Bose Road, it has made a name for itself as a one-stop space for art that is fresh, meaningful and affordable. The gallery began its journey in Mayfair Road with an exhibition of small artworks by a senior but relatively unknown artist Dhiren Sasmal. His outstanding collection caught the attention of both buyers and Press, and the show sold out within days.

In the series of shows that followed, Tejas broke the boundaries of what is expected and predictable, giving new talent an opportunity to create freely. We soon built up a strong group of versatile artists working in acrylics, oils, mixed media, metal and terracotta. Our byline is “building bridges in art” and we have continued to do that through the years by bringing folk-art into the gallery space, promoting new media art, video art, photography, 3D printed art, ceramics. Tejas has mentored artists from a rural background, guiding them into the contemporary art space and giving them a strong online presence.

We are open to collaborations with other art spaces to give their work a wider audience.
