Re: Kentucky Poll Findings

Beshear holds an 8-point lead: A new poll by Concord Public Opinion Partners sponsored by Education Reform Now Advocacy (ERNA) shows Governor Beshear leading opponent Republican Daniel Cameron. In this poll of n=470, 48 percent said If the election were today, they would vote for Democrat Andy Beshear. Republican Daniel Cameron holds 40 percent of the vote, with 12 percent still undecided.

If the election for Governor were today, for whom would you vote for?

The Concord Public Opinion Partners poll was conducted November 1- 2, 2023. The sample consisted of n=470 voters, with a credibility interval, similar to a poll's margin of error of +/- 4.5 percentage points. The data sets were weighted by gender, age, party, race and education. Data was collected by contacting voters selected from the Kentucky voter file via live calls to cell phones and landlines.
