

Home Theatre Upgrade

Upgrade Overview:

Enhance your home entertainment experience with a **premium 5.1 Surround Sound System**. This upgrade transforms your TV location into a **true cinematic space** with immersive audio, professional-grade in-wall speakers, and a discreet subwoofer installation.

Standard TV Location vs. Home Theatre Upgrade:

Feature	Standard TV Setup	Home Theatre Upgrade
TV Power & Data	✓ Included	✓ Included
In-Wall Cabling for Speakers	✗ Not Included	✓ Concealed cabling for clean look
Front Speakers	✗ TV Speakers Only	✓ In-Wall Left, Right & Centre Speakers
Rear Speakers	✗ Not Included	✓ 8.5-inch Rear Ceiling Speakers
Subwoofer	✗ Not Included	✓ In-Wall Subwoofer for Deep Bass
AV Receiver Compatibility	✗ Basic Setup	✓ Pre-Wired for AV Receiver Integration
Dolby Digital / DTS Support	✗ No	✓ Fully Compatible

Premium Features of This Upgrade:

- ✓ **In-Wall Left, Right & Centre Speakers** – High-fidelity rectangular speakers provide crisp dialogue and rich sound.
- ✓ **8.5-inch Rear Ceiling Speakers** – Immersive surround sound experience for movies, sports & music.
- ✓ **In-Wall Subwoofer** – Deep, impactful bass without bulky floor-standing equipment.
- ✓ **Hidden Wiring** – No exposed cables, clean and professional installation.
- ✓ **Optimized Speaker Placement** – Designed for true surround sound performance.
- ✓ **AV Receiver-Ready Setup** – Seamless connection for a plug-and-play home theatre system.

Why Upgrade?

 **Cinematic Experience at Home** – Enjoy movies, TV shows, and games with **immersive audio** clarity.

 **No Visible Speakers or Wires** – Aesthetically clean design without clutter.

 **Multi-Purpose Audio Setup** – Perfect for **streaming music, gaming, and sports**.

 **Adds Value to Your Home** – Built-in home theatre systems are a **premium feature in modern homes**.

Optional Add-Ons:

- ✓ **Dolby Atmos Upgrade** – Additional 2 ceiling speakers for **3D surround sound**. +\$700
 - ✓ **Dedicated AV Cabinet Wiring** – Pre-wired connections to a linen cabinet or similar for a **clean, professional AV setup**. (Standard inclusion is to pre wire to TV/ Entertainment Unit directly below the tv that will house the large black amplifier box) +\$POA
 - ✓ **Outdoor Audio Extension** – Expand your sound system to your **alfresco or patio area** with an extra zone for separate or combined audio. +\$750
 - ✓ **In Wall Sub Woofer** – Standard inclusion is a box floor mounted subwoofer that usually is installed to the corner of the room. This can be upgraded to an in wall subwoofer for a clean look. +\$550
-
