Introduction

About the Global Fragrance Summit

The Global Fragrance Summit is the International Fragrance Association's (IFRA) flagship event. It is an important annual opportunity for stakeholders in the fragrance sector to come together to learn, debate and analyze collective challenges and trends.

Global Fragrance Summit 2024 will be taking place from 30–31 October 2024 in Dubai, United Arab Emirates – and online, in the sidelines of Dubai BeautyWorld 2024. The venue for the Global Fragrance Summit is the *Conrad Hotel, Sheikh Zayed Rd – Trade Centre – Trade Centre 1 – Dubai – United Arab Emirates* – just over the road from the Dubai BeautyWorld venue in the World Trade Center.

The theme of this year's Global Fragrance Summit is '*A world of fragrance: Building bridges between innovation and global regulation*'. It will be a chance to reflect on how the sector is balancing the impact of global regulation with the need to innovate and create.
