

DOCUMENT CHECKLIST

To help us deliver a timely and precise report, we need some information from you.

The more information we receive, the better the design.

- Scalable site plan, detailing Lot Number and, if available building envelope boundaries.
- Marked on this plan, the location of all significant features present and proposed. Example house, sheds, pools, driveways, proposed landscaping features or areas to undergo earthworks.
- A floor plan of the proposed dwelling(s) showing plumbing and drainage locations and fixtures.
