

Summary of the British Horse Feeds' BRC Endurance Team Championship

The British Horse Feeds' BRC Endurance Team Championship is open to all Riding Clubs in England, Wales and Scotland. A Riding Club can have a "pool" of horse and rider combinations that are interested in competing in endurance, from which any number of teams of three to six riders can be selected. Each Riding Club can then enter their teams into any number of qualifying rides of 30 to 40km (about 20 to 25 miles).

Potential riders do not need any special equipment, particular breed or type of horse to get started. Only the rider, their horse and normal riding tack is required.

A team who completes a qualifying ride successfully will have its team score entered into a League Table for the region in which their Club is based. A squad can then, if it chooses, enter a second or subsequent qualifying ride. The team score achieved at the second or subsequent qualifier will replace the existing score in the League Table if it is higher than the existing score.

The team scores are calculated from the speed achieved over the course and the horse's pulse at the end of the ride.

The top team in each League Table and the top ten from the remaining teams from all the League Tables combined will be offered a place in the Endurance Team Final at The British Horse Feeds' Red Dragon Festival of Endurance at the Royal Welsh Showground on Sunday 6th October 2019. Stabling, corralling, camping, lorry parking and refreshments will be available at the venue.
