Dec 5th Toys for Tots – Howards Deli, 18th Street, Boca – More info coming in Oogah Blast

Dec. 12th Holiday Dinner hosted by Cimorelli's @ Tropical Acres, Deposit must be paid in June.

Gwen had given membership latest prices on producing the Oogah Blast, asked for input from membership. Mike Vitetta to gather info and send to Board Members for ideas, suggestions and prices.

Mike Vitetta told membership about Creative Workshop for Model "A"s, and had to have RSVP to him tonight.

Steve Peterson reported on a future show at Flamingo Gardens where theme was to be Old Florida in the 30's, weekend of the 4th of July, dress in period clothing, 9:30-4:30, comped entrance fee, pay for your own food & drinks, if can't be done then maybe around Christmas.

Maffi wants to build a Ford Museum in Michigan. Raffles available 2 \$10.00 each, 3 for \$25.00 or 9 for \$50.00

Hidden Address was for Michael & Marie Vitetta, who were present

Drawings: \$9.00 each (1) Jerry Carbone (2) Tony Spaich

Adjourned at 8:55PM

Respectfully Submitted By Trish Davis, Secretary

FROM THE EDITOR

We have 2 more General Meetings before we take a 2 month break for the summer. We need you! The Board has some ideas but we do need you to help make plans for our activities. Do you prefer Saturdays or Sundays??? What do you like to do? We are looking for an attractive setting for our next All Model "A" Show...any ideas. We would like more exposure to attract more visitors and new members.

Our Club motto has become: Without you we are nothing!! So true.

I am happy to report I received a Newsletter Award from the Model A Restorers Club. This year it was for Continuing Excellence. Thanks to all who helped me in this undertaking. We are sending the Oogah Blast out via e-mail to all members who have e-mail addresses, trying to save on printing and postage. We hope you all like this new format. Let us hear from you. Mike Vitetta is doing the computer work for me. Thanks to Mike for getting this started.

WELCOME BACK:

BRUCE & SHARON BUNKER

1724 NE 18th Ave.

Ft. Lauderdale, FL 33305

954-566-2218 sbbunker@bellsouth.net

Mike & Janet Cimorelli have agreed to host our Holiday Party. It will be Dec. 12 at Tropical Acres. We were all so impressed with the food at our Awards Dinner we decided to try it for this affair. Menu will be Sea Bass, Prime Rib or Chicken and the cost will be \$30.00 to members. Mark your calendar now.

Our Club has decided to buy 9 raffle tickets to support the National Model A Ford Museum. If anyone in the club would like to buy a ticket or more, a copy of the form is in this issue.

We extend our sympathy to Marge Duffy in the loss of her sister. Marge and Mitch just returned from a trip east for the funeral and said they never have been so cold. We don't appreciate our wonderful Florida weather till we leave.

Some of you do not know that our Club is Certified by the State of Florida. We are a corporation not for profit organized and existing under the Laws of the State of Florida, filed on the 24th day of July, 1970 I am going to publish some of the Articles monthly, so you will know how and why we operate as we do.

Raffle

to support the

National Model A Ford Museum

Concept drawing of Museum based on 1929 Ford Dealership building

IRS has ruled that raffle tickets are not tax-deductible - A direct donation is deductible

The Model A Museum Raffle is registered with the California Attorney General's Office. Raffle rules are posted on the MAFFI.ORG website

MAFFI Trustees and employees not permitted to win the drawing

Frank and I took advantage of the invitation from the Miami club to visit the Creative Workshop in Dania Beach.

What a place! First of all when we arrived we were met by the owner Jason Wenig and his family. They had coffee, juice, water, champagne, and assorted pastries and muffins.

After introductions the tour and car talk began. Jason's place is 10,000 square feet and every part of it had some vehicle in the process of being restored. At the time of our visit he had everything from a 5/8 scale Cord with a fiberglass body and ford running gear to a hand crafted aluminum bodied custom sports car that they made and was damaged at the Scottsdale auction when the tents blew down.

The shop has seen everything from model T's to one of a kind factory prototypes like the all aluminum and wood AC sports car made by the same people that made the AC Cobra.

Jason has a wide variety in tastes. He is as passionate about a car that he is working on for Pebble Beach as he is for the shops rat rod that started out as just one door that was laying around. The Pebble beach car at first glance looked like it was already done but Jason informed us that is arrived that way and was all messed up. He proceeded to show us all the problems with the fit and finish. This just goes to show how meticulous he and his employees are when it comes to restorations.

The shop has most tools to most work in house such as mills, lathes, drill presses and such. There is a paint booth and body work area and even a plating station where they plate their own small parts.

Frank and I had a good time and learned quite a bit in the short time we were there. I'm only sorry that more of the club could not attend and see the kind of work that goes on in our own backyard.

Mike Vitetta

ARTICLE II-CORPORATE PURPOSE AND TERM

1. The purpose of this corporation shall be to preserve, restore, and enjoy motor vehicles of historical or special interest, and to provide an accurate and technical source of information for those interested in such motor vehicles and their lore.

The term for which the corporation is to exist is perpetual

Tiny Tips From MAFCA Members

Submitted by Elwyn M. Smith, Burlington Flats, New York
Illustrated by Dick Lewis, Lawrenceburg, Indiana

Furnace Filter & Spray Can Cap

Small bolts, nuts and screws are easy to paint using a spray can paint, if they are supported by a piece of furnace filter as shown. Nuts can be supported by tapering a short dowel slightly on one end to support the nut, and tapering the other end enough to allow inserting it in the furnace filter. The dowels and filter can be used over and over without a buildup of paint on the surface. If a screw, bolt or nut is marred while attaching to a vehicle, it can be touched up very easily. Take the same paint can and remove the cap and spray just a small amount of paint into the cap, using it like a cup. Then using a small brush, dip into the cap and touch up the marred item. Paint in the cap can be wiped out or allowed to dry before replacing it on the can. The only clean up is cleaning the brush.

If you have a helpful tip about Model A restoration or maintenance that you'd like to share with MAFCA members, please forward it to the MAFCA Office, 250 S. Cypress, La Habra, CA 90631-5515 or e-mail: restorer@mafca.com.

We've all heard the famous words, "They can have any color they want, as long as it's black," attributed to Henry Ford in reference to the first Ford automobiles. When did other colors become available?

—Janice Grimes, Rio Rancho, N.M.

Many people think Ford's Model T was available only in black. In fact, it also was offered in blue, green and bright red from 1908 to 1914, when the moving assembly line was introduced. The new production process required a fast-drying paint, and only a particular black one suited the purpose. Thus began the "black, black or black" period, which lasted until 1925.

EXERCISE YOUR MODEL "A" OR "T"

Some members get together every 2nd Saturday of the month @ 9:00AM. We meet at the Cracker Barrel, 1250 SW 11th Way, Deerfield Beach. It is South of SW 10th Street, just East of I-95. Contact: Ted or Alva Alexander 954-575-0535.

Get together with some club members in your neighborhood and have breakfast or lunch at a nearby restaurant.
