From the Presidents Dash

Well it happened! The first time in the history of our club our annual judging was washed out. Not just once but twice in a row.

Never fear, on September 22 which is International Model A day, we will once again get a chance to show off to our members the work we have done to improve and maintain our car. We will have Tube Steaks, Tune ups, and Trophies. Three T's!

The awards will be given at the Officer Installation and Holiday dinner in December.

Speaking of which, the cost of the dinner is once again being reduced by \$15.00 and your yearly points will be used to reduce the cost even further.

I want to make mention that on June 2nd we will be having a garage tour to work on the Voigt family's Town Sedan. Here's a change to see firsthand on how the different systems in the car work, how to troubleshoot those systems and get them to work right. So if you have experience or not this will be a great way to hone your skills or learn them the first time!

See you at the meeting,

Mike

Oh, I almost forgot, did you know that Denny's has discount plans if you are a AAA or AARP member?

From the Editor's Desk,

Rain, rain, please go away on the weekends, but do come back during the week to keep our plants green and our lakes and ponds full. What a bummer, what a letdown our canceled shows were. Oh well; combining our All A & T show with Jerry's Tune & Tubesteaks for a super event in September is a great compromise. Looking forward to it.

For you show starved members, Russ Gagliano of RussGEvents has sent me a flyer for his memorial weekend Great American Beach Party on Saturday, May 26th. Check out the flyer/registration form in this issue for a listing of all the events happening during the day. Among them are a Classic Car Parade; two stages of live music by Jake & Elwood Blues Brothers Revue and The Landsharks Beach Boys Tribute Band; an Art Show; Sand Sculpture and Chalk Art contests, Kid Zone and much more. I know I'm going to have my A there as it sounds like too much fun to miss!

And finally, I'm in a state of shock. Dr. Steve's voodoo magic appears to be working. After nearly a year of ownership my 31 A is suddenly not leaking gas and the fuel valve has been left open for a week now! Yea Dr. Steve, the Voodoo Mechanic! Maybe the curse has been lifted.

St. Andrews South Report

Trish's photos on front cover

It is May 11, 2012 and the weather is pretty iffy. It is that time again to go to St. Andrews Estates South to take some of the residents out for a drive in our Model "A"s. There was a black cloud over our house in Deerfield so I called St. Andrews to check on the weather there; the sun was shining brightly and no cloud cover. Tony Spaich and Jerry Carbone were already at the site and ready to go so Allen and I started out. Harold Fienberg and John Ford arrived shortly after we arrived. As always the residents were very excited to see us and most anxious to tell us stories about when they were growing up and what cars they drove. It is always nice to hear their tales and they are always receptive to our bragging about our vehicles.

Jerry Carbone lost a huge chunk of his new tire. It appeared to be delaminating. After his tire was changed and he put on a spare, it was discovered that the tire was flat. A maintenance man from St Andrews came over and led Jerry around the back of building and filled the tire with air. It started to drizzle so we made sure everyone got at least one trip around the grounds before parking and going into lunch.

Leonie Bennett, the Recreation Coordinator, led us to the Café and we were treated to lunch. John Ford left early so he missed out on lunch. Leonie informed us that come next year a brand new complex is being built for the residents at the North end of the property. As in the past we got lost coming out of the café trying to get back to our cars. Our fearless leader, Jerry Carbone found another exit and we got back to our cars before any serious rainfall. Thanks from Leonie to all who participated.

Monthly Breakfast at Shelby's in Deerfield

Today, May 12th is our monthly breakfast at Shelby's, Deerfield Beach. Cars driven by Tony Spaich, Harold Fienberg, Roberto Vichera, Frank Lacava, Joe Longo and Trish Davis. Our parking spaces were roped off and a large table ready for us inside. Jim & Gwen Hammer helped us celebrate the club and Mother's Day. Happy day before Mother's Day to all. Roberto brought a guest, Frank Lacava, Sr. navigated for his son, Stavros Moforis came modern and Allen Davis navigated for Trish. We all enjoyed each other's company. Harold had a problem and he and Tony stayed in the parking lot, hopefully getting it repaired. Everyone volunteered to help but you know what they say, "Too many Cooks....."
