INTERACTIVE/VIDEO COURSE

COURSE OBJECTIVES

The objective of this educational course is to educate the user on AODA, its standards, compliance, and how it benefits individuals with disabilities. This interactive course offers knowledge testing so that you can meet the AODA training requirements and learn how to implement best practices for better accessibility on the job. By the end of this course, learners will be able to define the AODA Act and know its key concepts. The course will also help the user understand and apply terms and definitions associated with AODA, outline compliance benefits under the AODA and explain AODA compliance requirements.

COURSE DETAILS

This course is an interactive/video course where the user learns through video explanations as well as interactive slides and modules. If you require a timed & monitored version of this course, you can select that option before you start the course. You can take the course anytime and anywhere, on any device. This course is completely self-paced, so you can start and stop and set your own pace. If you need to take a break during the course, you will be able to pick up at the point where you left off. At the end of the interactive/video course, you will have a completion exam to ensure you learned the material which was presented. Upon scoring a 70% or above on the end exam, you will receive a completion certificate with your name, PE#, and the date on which you completed the exam. We also keep a copy of all certificates indefinitely.
