COURSE OBJECTIVES

The objective of this educational course is to educate the user on how to be part of an ethical work culture. The culture of an organization greatly influences the employees and its stakeholders. A professional ethical work culture helps build trust in the organization and plays a great role in employees' morale & growth. Building an ethical work culture is not a complicated task. All you want is a shift from working individually to a collective approach aligned with the company's vision, mission & values. This course will help you to build and sustain a professional ethical work culture.

COURSE DETAILS

This course is an interactive/video course where the user learns through video explanations as well as interactive slides and modules. If you require a timed & monitored version of this course, you can select that option before you start the course. You can take the course anytime and anywhere, on any device. This course is completely self-paced, so you can start and stop and set your own pace. If you need to take a break during the course, you will be able to pick up at the point where you left off. At the end of the interactive/video course, you will have a completion exam to ensure you learned the material which was presented. Upon scoring a 70% or above on the end exam, you will receive a completion certificate with your name, PE#, and the date on which you completed the exam. We also keep a copy of all certificates indefinitely.
