INTERACTIVE/VIDEO COURSE

COURSE OBJECTIVES

The objective of this educational course is to educate the user on safety topics related to an active shooter situation. The course focuses on preparation and response safety. With mass shootings on the rise, you must be prepared to handle an active shooter situation before police arrive on the scene. This course provides guidance on how to be prepared and respond in such a situation. Having a plan and knowing how to implement it will increase the chances of keeping yourself and others safe in the event of an active shooting in the workplace. By the end of this course, you will: Learn how to respond to an active shooter situation; Prepare yourself for possible active shooter situation; Understand how to respond when law enforcement arrives.

COURSE DETAILS

This course is an interactive/video course where the user learns through video explanations as well as interactive slides and modules. If you require a timed & monitored version of this course, you can select that option before you start the course. You can take the course anytime and anywhere, on any device. This course is completely self-paced, so you can start and stop and set your own pace. If you need to take a break during the course, you will be able to pick up at the point where you left off. At the end of the interactive/video course, you will have a completion exam to ensure you learned the material which was presented. Upon scoring a 70% or above on the end exam, you will receive a completion certificate with your name, PE#, and the date on which you completed the exam. We also keep a copy of all certificates indefinitely.
