Terms.

We take the fullest responsibility for all our brands. If dealers do not sell what they buy from us, we wish them to send the goods back and we will then refund the cash paid, without quibble.

Minimum Prices.

In taking delivery of our goods, the Retail Dealer binds himself not to quote or sell any of our brands at less than the selling prices mentioned in this list.

And the Wholesale Dealer binds himself not to sell nor yet to quote any of our brands in his price list at less than our wholesale prices, and net.

If these conditions are not agreed to, the goods must be returned at once.

Carriage.

Carriage paid on parcels to the value of £2 and upwards.
