

# Does your Tobacco or Cigarettes come Duty Free from Home?

## THE GROWTH OF OUR EXPEDITIONARY DEPARTMENT.

Since the despatch of the British Expeditionary Forces to France, in August, 1914, we have steadily built up a reputation for the reliable and speedy despatch of parcels to the Front. At first an hour a day was sufficient to deal with the few orders entrusted to us, but our methods soon increased our connection, till to-day we have a special department, UNDER THE SUPERVISION OF EXCISE OFFICERS, with its own staff of clerks and packers, who are packing and despatching parcels from 8.30 a.m. till 6 p.m. These facts speak for themselves.

### OUR SYSTEM,

Which has been built up and perfected through the experience gained since the beginning of the war, gives you the fullest advantage of Duty Free Prices, which means a saving of about 5/- on a pound of Tobacco (Tobacco costing 6/8 lb. can be had Duty Free for 1/8), and also of the most complete Duty Free department in the country.

### YOUR SAFEGUARD

is to place your orders with the house of highest repute and tried experience.

### RESPONSIBILITY.

All Parcels or Cases are sent according to the regulations of the Military and Post Office Authorities, from whom we receive a receipt for each package, but we cannot hold ourselves responsible for damage or loss after leaving our hands.
