

# *Now Hiring!*

## Planner/Senior Planner

We are looking for a Planner/Senior Planner to join our friendly and sociable team in our Cardiff city centre office.

### **About Us**

We are a friendly and sociable team of five planners based in Cardiff City Centre. We may be small, but our projects and ambitions are not. We are involved on a wide range of projects across Wales and England, including residential, co-Living, and student tower blocks, traditional housing developments, affordable housing schemes, new commercial/employment developments, tourism/leisure uses, retail and renewables amongst many others.

### **About the Role**

We are looking for someone to lead/assist in the day-to-day management of the planning process across multiple development projects, working closely with design teams/clients to help develop high-quality development proposals. Part of the role will include involvement in preparing supporting planning documents including Planning Statements, Environmental Statements, Appeal Statements, Design and Access Statements, Planning Appraisals, Pre-Application Consultation Reports, and Candidate Site Reports.

### **About You**

We are looking for a candidate with a degree or post-graduate qualification in town planning (or a related subject and be willing to work towards securing accreditation) and at least 12 months' experience working in town planning, ideally including some private sector experience.

As you will be working closely with others to guide and drive multiple development projects through the planning process, it is important that you have strong interpersonal and communication skills, are motivated, organised, conscientious and hardworking.

### **About the Benefits**

We offer a competitive salary, which will reflect your experience, as well as training and CPD opportunities and some flexible working. We also offer a great work environment with a friendly team of people and plenty of opportunities for socialising.

To find out more, or to apply with a copy of your CV, please email [jon@amityplanning.co.uk](mailto:jon@amityplanning.co.uk) or call Jon Wilks on 07584 089182
