

The architectural drawings include the following views and details:

- Front Elevation (1:100):** Shows a two-story building with a brick roof and walls. The ground floor has two doors and four windows. The first-floor windows are labeled "PV Panel Position subject to site orientation". Callouts indicate "Down to Dusk" Light fitting (above door) for both doors.
- Left-Side Elevation (1:100):** Shows the left profile of the building with a gabled roof and a single window.
- Building Section (1:100):** A cross-section showing the internal layout. Rooms include Bathroom, Kitchen, Bedroom 3, Accessible WC, Hallway, Storage, and Open Storage. A staircase is shown connecting the ground floor to the first floor. The roof is labeled "ABC".
- Rear Elevation (1:100):** Shows the rear profile of the building with a brick roof and walls. The ground floor has two doors and four windows. Callouts indicate "Down to Dusk" Light fitting (above door) for both doors.
- Right-Side Elevation (1:100):** Shows the right profile of the building with a gabled roof and a single window.
