Basketball with 411 Brand Athletics	SPARK	Mondays	01/26/2026	04/27/2026	2:15 PM 3:30 PM	1	5	11	\$396	Basketball with 411 Brand Athletics is a structured environment that teaches the fundamentals of basketball and life lessons to boys and girls in 1st-5th grade. During each session, the 411 Basketball Academy prepares each member to become a better basketball player mentally as well as physically. Each basketball instructor trains each participant to become a better shooter, passer, rebounder and ball handler. Students will be split into two groups based on skill and grade level consideration. Each instructor also helps each individual with maximizing their talents as well as becoming a coachable player. Still have program questions? Email John at the411brand@gmail.com
Soccer with OT Sports	SPARK	Mondays	01/26/2026	04/27/2026	2:15 PM 3:30 PM	K	3	11	\$352	Soccer with Overtime Sports is an active program for boys and girls designed to develop an interest in the game and establish a solid foundation in preparation for recreational or club soccer. We are able to accomplish this by making sure the number one ingredient is present at all times: FUNdamentals! Students will learn various elements of the game such as passing, trapping, dribbling, shooting, and ball control. The sessions are composed of exciting games such as Terminator, Sting Ray, and World Cup. It is our belief that soccer instills cooperation, teamwork, sportsmanship, and self-confidence, all of which are key components that transcend the playing field and impact the development of our children. otsports@comcast.net

Girls Rising Strong with Elevated Adolescence	SPARK	Wednesdays	01/28/2026	04/29/2026	2:15 PM 3:45 PM	3	5	12	\$420	Girls Rising Strong (GRS) and its counterpart, Boys Breaking Through (BBT), are research-based character development programs curated specifically for upper elementary-aged adolescents navigating the critical transition from childhood to adolescence. Today's girls are growing up in an environment saturated with social comparison, perfectionism, and pressure to please, often before they reach middle school. According to Common Sense Media, girls as young as 10 are now spending nearly 5 hours a day on screens, leading to increased anxiety, low self-worth, and early body image concerns. Girls Rising Strong (GRS) is a transformative character development course that empowers girls to navigate these challenges with clarity, confidence, and courage. Through hands-on activities, reflective discussion, and guided mentorship, girls explore character traits such as self-awareness, kindness, humility, bravery, and emotional regulation. Every session involves age-appropriate guidance and a safe, judgment-free environment where girls build strong values and lasting friendships. Participant toolkits are included to help reinforce growth and communication at home. Elevateadolescenceprogram@gmail.com www.elevateadolescence.com girlsrisingstrong.org or IG @girlsrisingstrong

Robotics Senior with Steam Powered Kids	SPARK	Fridays	01/30/2026	05/01/2026	2:15 PM 3:30 PM	3	5	12	\$444	Senior Robotics - Sumo Bots! This class is different from Fall. Grades 3-5. Senior Robotics serves as an extracurricular enrichment program that encourages the exploration and application of STEAM-based principles through building and programming robots. No previous experience with robotics is necessary. For the spring, we will explore the world of Battle Bots and compete in our own TRI ROBOT SUMO CUP! Teams of students will compete to out-program, out-design and out-build their peers in a friendly competition between schools at the end of the term. Using the LEGO MINDSTORM EV3 and RC battle bot platforms, students will learn programming and building skills that will translate nicely to the FLL competition we compete in each Fall. For those not necessarily interested in competing in the SUMO challenge, there will be options to build a host of helper bots as well as the robotic arena itself. Returning students will be given the freedom to build upon past experiences on new platforms and challenges. Activities focus on honing critical thinking skills, perseverance and teamwork as students learn to program, use sensors and design attachments. In addition to building a robot for the competition, we will take time out of each session to explore other robotics platforms as we expand our robotic horizons. Some of the robots we will use include: Hexbug Nanos, Spheros, Lego Mindstorms and more. Program-specific questions? Please email Robotix Coach Robert Hill at: steampoweredkids@gmail.com
Robotics Junior with Steam Powered Kids	SPARK	Fridays	01/30/2026	05/01/2026	2:15 PM 3:30 PM	1	2	12	\$444	Junior LEGO Robotics and More! Grades 1-2 - This is different from the fall. This Junior Lego Robotics course provides an exciting, hands-on introduction to the world of robotics. No prior experience with robotics is necessary. During each session, students will explore concepts of working with and programming robots using a number of different platforms, including LEGO, Sphero and more. Students will investigate topics including how robots use attachments to complete tasks and how to program a robot without using a computer! Returning students will encounter new challenges, allowing them to build on their previous robotics knowledge. Program-specific questions? Please email Coach Robert Hill at: steampoweredkids@gmail.com.
