Drawing Elements with Spunky Arts	MON	14-Sep	7-Dec	2:15 PM 3:30 PM	K	3	10	\$340	New lessons each semester! Drawing basics balancing classic arts education and fun. Basic does not mean boring! Students will build upon their understanding of geometric shapes to create more complex images while learning the use of line, form, space, and perspective to complete drawings that are, ultimately, all their own. This class offers weekly step-by-step single subject drawings designed to scaffold the elements of drawing while improving handwriting and fine motor skills. Parents of students who have taken this class one or more times have reported not only remarkable improvements in handwriting and fine motor skills but also persistence, patience, and confidence in their student. New projects each semester. Lessons do not repeat. Please contact Christie with questions at SpunkyArts@gmail.com
Flag Football with 411 Brand Academy	MON	14-Sep	7-Dec	2:15 PM 3:30 PM	1	5	10	\$360	The 411 Brand Flag Football Academy is a structured yet fun environment that teaches the fundamentals of football to boys & girls GRADES 1-5 interested in the sport. Each week, students will learn how to practice and go through various drills to help them become a better flag football player. We will also have various in program scrimmages throughout the semester. Students will be placed into two groups based on grade and skill consideration. Flag Football is offered by The 411 Brand. Still have program questions? Email John at the411brand@gmail.com

Breakdance Grades K-1 with Sick Step	MON	14-Sep	7-Dec	2:15 PM 3:30 PM	K	1	10	\$350	Breaking is more than just dance — it's culture, creativity, and discipline. In this class, students will learn the foundational elements of breaking: top rock, footwork, freezes, and power. Led by Donnie "Crumbs," a pioneer in the art of breaking, kids will build strength, coordination, and confidence through real training that combines athletic movement with musicality and self-expression. All levels are welcome, and students will be grouped based on experience to keep things challenging and focused. This is a space where kids learn to respect the art, push themselves, and move with purpose. Program content questions? crumbscounts@gmail.com Website: www.sickstep.net
Breakdance Grades 2-5 with Sick Step	MON	14-Sep	7-Dec	2:15 PM 3:30 PM	2	5	10	\$350	BREAKDANCE GR 2-5 Breaking is more than just dance — it's culture, creativity, and discipline. In this class, students will learn the foundational elements of breaking: top rock, footwork, freezes, and power. Robotics Junior with Steam Powered Kids	THU	17-Sep	10-Dec	2:15 PM 3:30 PM	1	3	11	\$407	Junior Robotics and More! This course serves as an exciting hands-on introduction to the world of robots. No prior experience with robotics is necessary. During each session students will explore concepts of working with and programming robots using a number of different platforms including LEGO, Sphero and Ozobots. Students will investigate topics including how robots use attachments to complete tasks and how to program a robot without using a computer! Program specific questions? Please email Coach Robert Hill at: steampoweredkids@gmail.com .

Robotics Senior with Steam Powered Kids	THU	17-Sep	10-Dec	2:15 PM 4:00 PM	4	5	11	\$492	Senior Robotics and FIRST LEGO League Competition—BioGlow Robotics encourages the exploration and application of STEAM based principals through building and programming robots for students ages 9-14 in preparation for the FLL competition in December 2026. No previous experience with robotics is necessary. During the semester, students will work as a team to: • Design and program a robot that can score points on a competition board filled with LEGO challenges. • Research and prepare an innovation project related to the theme Bioglow. • Develop and deliver a presentation covering their robot design and strategy, innovation project and core values at the FLL competition. In this year's theme—Bioglow—FLL teams will use creative thinking and LEGO® technology to explore biodiversity, nature-inspired innovation, and ecosystem connections. Returning students will be given the freedom to build upon past experiences on new platforms and challenges. Activities focus on honing critical thinking skills, perseverance and teamwork as students learn to program, use sensors and design attachments. In addition to building a robot for the competition, we will take time out of each session to explore other robotics platforms as we expand our horizons. Some of the robots we will use include: Hexbug Nanos, Spheros, Lego Mindstorms and more. The class fee helps cover two team registration fees (with FIRST and with Georgia Tech), a team practice kit and a team shirt for the FLL competition. Families should save the date for the Tri Robot Cup (a practice competition) in November and the FLL competition in early December. Program specific questions? Please email Robotix Coach Robert Hill at: steampoweredkids@gmail.com
