Mon	Golf with OT Sports	FORE!!! Overtime Sports Golf program is designed to instill important life skills and character building qualities that are essential for the development of each student. The program provides students with beginning, intermediate, and advanced level junior golfing instruction in a no-pressure environment. Students will learn golf history, etiquette, grip, stance, posture, putting, specialty shots, and a variety of other skills. Each student will have a precise understanding of how the game is played from tee to green. Students who demonstrate aptitude and interest for the sport can advance their golf skills to the competitive level, while others can participate in the sport for fun. Please wear PE type clothes. ALL EQUIPMENT IS PROVIDED. otsports@comcast.net	01/24/2022	04/25/2022	1 3	2:45 PM 4:00 PM	\$297
Mon	Robotics Junior with Steam Powered Kids	Junior Robotics Spring 2022, 1-3rd Grade Junior Robotics Club Grades 1 - 3   This course serves as an exciting hands-on introduction to the world of building and programming robots. No prior experience with robotics is necessary. During each session students will explore concepts of designing, building and programming robots using a number of different platforms including LEGO BOOST, MINDSTORM, Sphero and Ozobots. Students will investigate how robots use attachments to manipulate their world and how Ozobots follow lines though programmable mazes. Questions? Please email Robotix Coach Robert Hill at: steampoweredkids@gmail.com	01/24/2022	04/25/2022	2 4	2:45 PM 4:00 PM	\$319
Mon	Robotics Senior with Steam Powered Kids	Senior Robotics Spring 2022, 4-5th grade Robotics club serves as an extracurricular enrichment program that encourages the exploration and application of STEAM based principals through building and programming robots for elementary students grades 4-5. No previous experience with robotics is necessary. Returning students will be given the freedom to build upon past experiences on new platforms and challenges. Activities focus on honing critical thinking skills, perseverance and teamwork as students learn to program, use sensors and design attachments. For the spring 2022, we will explore the world of Battle Bots and compete in our own mini tournament of champions. Teams of students will compete to out program, out design and out build the competition. Using the LEGO MINDSTORM EV3 platform, students will learn programming and building skills that will translate nicely to the FLL competition we compete in each Fall. For those not necessarily interested in battling, there will be options to build a host of helper bots as well as the robotic arena itself. Hexbug Nanos, Spheros, as well as a couple of new surprises will make guest appearances throughout the season. Questions? Tue	Drawing with Young Rembrandts Art	Young Rembrandts teaches children how to sequentially place shapes, lines and a variety of details to create their own masterpieces. In the fall, we will learn how to use color, shading, patterning, and composition as we draw portraits, landscapes, still life, graphics, cartoons, abstract art and art history subjects. During the second semester, we will focus more on drawing cartoons that will make us all giggle. In Young Rembrandts classes, children get to express their creativity as they practice important skills such as problem solving, attention to details, patience and persistence. In addition to that, our classes are a whole lot of fun! More info? Laura.Vandewiele@youngrembrandts.com	01/25/ 2022	04/26/ 2022	1	2	2:45 PM 4:00 PM	\$286
Tue	Soccer with OT Sports	Soccer with Overtime Sports is an active program for boys and girls designed to develop an interest in the game and establish a solid foundation in preparation for recreational or club soccer. We are able to accomplish this by making sure the number one ingredient is present at all times: FUNdamentals! Students will learn various elements of the game such as passing, trapping, dribbling, shooting, and ball control. The sessions are composed of exciting games such as Terminator, Sting Ray, and World Cup. It is our belief that soccer instills cooperation, teamwork, sportsmanship, and self-confidence, all of which are key components that transcend the playing field and impact the development of our children. otsports@comcast.net	01/25/ 2022	04/26/ 2022	1	3	2:45 PM 4:00 PM	\$325
Tue	Science with Club SciKids GR 1-5	Club SciKidz is funnest, safest, and most scientific STEM program in Atlanta! Wed	Yoga with Atlanta Kids Yoga	Yoga for kids is serious fun! Parents often ask, "How do you get kids to sit through a yoga class?!" Answer: you don't!! The work of a child is to move, play, learn and explore, and that's exactly what we do. Through yoga poses, games, partner work and creativity, little yogis learn valuable tools such as: Positivity & mindfulness using the breath to calm or awaken the body, mind body awareness and coordination stirring the imagination for creative movement and fun! Mats will be provided. www.facebook.com/atlantakidsyoga	01/26/ 2022	04/27/ 2022	1	5	2:45 PM 4:00 PM	\$312
Thu	Bricks 4 Kidz	Calling all Master Builders! Bricks4Kidz Master Builders LEGO Club is back! Come join us in building jaw-dropping, awesome and head-spinning LEGO models while building important S.T.E.M. skills! In this advanced S.T.E.M. club, children will use our signature "Project 1 Kit" to build the most complex of our over 1,000 different proprietary motorized LEGO models from our over 200 unit-themes. Our "Master Builders" build from fun themes such as Star Wars and Minecraft, while developing important hands-on problem solving skills, critical thinking and creativity. Each model teaches students new and interesting S.T.E.M. concepts such as fractions, gear ratios, laws of motion and much more! Each child will get to take home a custom-built mini-figure at the end of the semester! bleblois@bricks4kidz.com www.bricks4kidz.com/atlantametro	01/27/ 2022	04/28/ 2022	1	2	2:45 PM 4:00 PM	\$276
Thu	Find the Wild with Blue Heron Nature Preserve	Join Blue Heron Nature Preserve as we search for insects, rocks, birds, and more in the schoolyard habitat! An expert Blue Heron Naturalist will help children make exciting finds in nature and learn how to explore safely. By spending hands-on time in outside, children will learn to care for living things and build their own scientific understanding of the natural world through discovery, observation, and experimentation. Your Blue Heron naturalist will bring an outdoor activity kit each week, with tools to encourage exploration and observation. This kit will include magnifying lenses, field guides, insect nets, microscopes, art supplies, and more! Each session and week is different, since nature is always changing and our instructors develop activities in response to children's interests and developmental needs.
