DAY	COURSE	Course Description	START	END	GRADES	TIME	RATE
Mon	Bricks 4 Kidz	Calling all Master Builders! Bricks4Kidz Master Builders LEGO Club is back! Come join us in building jaw-dropping, awesome and head-spinning LEGO models while building important S.T.E.M. skills! In this advanced S.T.E.M. club, children will use our signature "Project 1 Kit" to build the most complex of our over 1,000 different proprietary motorized LEGO models from our over 200 unit-themes. Our "Master Builders" build from fun themes such as Star Wars and Minecraft, while developing important hands-on problem solving skills, critical thinking and creativity. Each model teaches students new and interesting S.T.E.M. concepts such as fractions, gear ratios, laws of motion and much more! Each child will get to take home a custom-built mini-figure at the end of the semester! Program Questions? bleblois@bricks4kidz.com	01/24/2022	04/25/2022	K	2:45 PM 4:00 PM	\$253

Tue	STEM Velocity Lab	Crash! Pop! Eureka! Does your student enjoy science coming to life? Then this is the program for them! Each week we will explore something new and exciting in a wide range of age-appropriate STEM topics in the areas of engineering, physics, chemistry biology, astronomy and more. We will conduct experiments and activities to provide first hand experiences which help students become more confident in their understanding of the natural world. Visit www.STEMVelocity.com for additional information and if you have additional questions email stemvelocity@gmail.com .	01/25/2022	04/26/2022	K	3	2:45 PM 4:00 PM	\$338
Tue	Find the Wild with Blue Heron Nature Preserve	Join Blue Heron Nature Preserve as we search for insects, rocks, birds, and more in the schoolyard habitat! An expert Blue Heron Naturalist will help children make exciting finds in nature and learn how to explore safely. By spending hands-on time in outside, children will learn to care for living things and build their own scientific understanding of the natural world through discovery, observation, and experimentation. Your Blue Heron naturalist will bring an outdoor activity kit each week, with tools to encourage exploration and observation. This kit will include magnifying lenses, field guides, insect nets, microscopes, art supplies, and more! Each session and week is different, since nature is always changing and our instructors develop activities in response to children's interests and developmental needs. Wed	Robotics Senior with Steam Powered Kids	Senior Robotics Spring 2022, 4-5th grade Robotics club serves as an extracurricular enrichment program that encourages the exploration and application of STEAM based principals through building and programming robots for elementary students grades 4-5. No previous experience with robotics is necessary. Returning students will be given the freedom to build upon past experiences on new platforms and challenges. Activities focus on honing critical thinking skills, perseverance and teamwork as students learn to program, use sensors and design attachments. For the spring 2022, we will explore the world of Battle Bots and compete in our own mini tournament of champions. Teams of students will compete to out program, out design and out build the competition. Using the LEGO MINDSTORM EV3 platform, students will learn programming and building skills that will translate nicely to the FLL competition we compete in each Fall. For those not necessarily interested in battling, there will be options to build a host of helper bots as well as the robotic arena itself. Hexbug Nanos, Spheros, as well as a couple of new surprises will make guest appearances throughout the season. Questions? Please email Robotix Coach Robert Hill at: steampoweredkids@gmail.com	01/26/2022	04/27/2022	4	5	2:45 PM 4:30 PM	\$416

Fri	Basketball Level 1 with 411 Brand Athletics	Basketball with 411 Brand Athletics is a structured environment that teaches the fundamentals of basketball and life lessons to boys and girls in GR1-2 . During each session, the 411 Basketball Academy prepares each member to become a better basketball player mentally as well as physically. Each basketball instructor trains each participant to become a better shooter, passer, rebounder and ball handler. Each instructor also helps each individual with maximizing their talents as well as becoming a coachable player. the411brand.com	01/28/2022	04/29/2022	1	2	2:45 PM 4:00 PM	\$336
Fri	Soccer with OT Sports	Soccer with Overtime Sports is an active program for boys and girls designed to develop an interest in the game and establish a solid foundation in preparation for recreational or club soccer. We are able to accomplish this by making sure the number one ingredient is present at all times: FUNDamentals! Students will learn various elements of the game such as passing, trapping, dribbling, shooting, and ball control. The sessions are composed of exciting games such as Terminator, Sting Ray, and World Cup. It is our belief that soccer instills cooperation, teamwork, sportsmanship, and self-confidence, all of which are key components that transcend the playing field and impact the development of our children. otsports@comcast.net	01/28/2022	04/29/2022	K	3	2:45 PM 4:00 PM	\$300
