| Robotics Senior with Steam Powered Kids | WED | 09/10/2025 | 12/03/2025 | 11 | 2:15 PM 4:00 PM | 4 | 5 | \$492 | Senior Robotics and FIRST LEGO League Competition—UNEARTHEDRobotics club serves as an extracurricular enrichment program that encourages the exploration and application of STEAM based principals through building and programming robots for elementary students grades 4-5. No previous experience with robotics is necessary.During the term Senior Robotics students will prep as a team to compete in the FLL Robotics competition in early December. Last year's theme—Submerged—had students exploring the layers of the ocean and bringing their learning and ideas to the surface as they “sea” into the future. In this year's theme—Unearthed—FIRST LEGO League teams will use creative thinking and LEGO® technology to uncover the past to discover the future.Returning students will be given the freedom to build upon past experiences on new platforms and challenges. Activities focus on honing critical thinking skills, perseverance and teamwork as students learn to program, use sensors and design attachments. In addition to building a robot for the competition we will take time out of each session to explore other robotics platforms as we expand our robotic horizons. Some of the robots we will use include: Hexbug Nanos, Spheros, Lego Mindstorms and more. The class fee covers two team registration fees (with FIRST and with Georgia Tech), a team kit practice kit and a shirt for the FLL competition.Program specific questions? Boys Breaking Through with Elevated Adolescence | FRI | 09/12/2025 | 12/05/2025 | 11 | 2:15 PM 4:00 PM | 3 | 5 | \$385 | character development programs curated specifically for upper elementary-aged adolescents navigating the critical transition from childhood to adolescence. Today's boys face a quiet crisis of disengagement—withdrawn from school, lacking positive role models, and increasingly turning to digital escapism for connection and meaning. Research from Dr. Leonard Sax (Boys Adrift) and the CDC reveals that boys are more likely than ever to struggle with motivation, emotional literacy, and delayed maturity. Boys Breaking Through (BBT) is an engaging, action-based program designed to help boys rediscover purpose, confidence, and character during these pivotal pre-teen years. Each session cultivates traits such as integrity, responsibility, empathy, grit, and leadership through active learning, meaningful challenges, and guided reflection. Boys leave with practical skills and a clearer understanding of who they are—and who they are becoming. Participant toolkits are included to help reinforce growth and communication at |
| NEW! Girls Rising Strong with Elevated Adolescence | FRI | 09/12/2025 | 12/05/2025 | 11 | 2:15 PM 3:45 PM | 3 | 5 | \$385 | Girls Rising Strong (GRS) and its counterpart, Boys Breaking Through (BBT), are research-based character development programs curated specifically for upper elementary-aged adolescents navigating the critical transition from childhood to adolescence. Today's girls are growing up in an environment saturated with social comparison, perfectionism, and pressure to please, often before they reach middle school. According to Common Sense Media, girls as young as 10 are now spending nearly 5 hours a day on screens, leading to increased anxiety, low self-worth, and early body image concerns. Girls Rising Strong (GRS) is a transformative character development course that empowers girls to navigate these challenges with clarity, confidence, and courage. Through hands-on activities, reflective discussion, and guided mentorship, girls explore character traits such as self-awareness, kindness, humility, bravery, and emotional regulation. Every session involves age-appropriate guidance and a safe, judgment-free environment where girls build strong values and lasting friendships. Participant toolkits are included to help reinforce growth and communication at home. Elevateadolescenceprogram@gmail.com www.elevateadolescence.com girlsrisingstrong.org or IG @girlsrisingsstrong |
