

July 30th, 2021

Dear Student:

We now have a FIS Google account to be used with your Classroom, Gmail and Drive. Below is a step-by-step guide to get logged into the school's Google system:

1. Go to [google.com](https://www.google.com)
2. Click on the "Sign in" button on the top right. (NOTE: if you are already signed in with another Google account, click on the top right circle and select "Add another account").
3. Enter in your username and password on the next couple screens. It will ask you to create a new password.
4. To get to the FIS Google apps, click on the "box of 9 dots" at the top right, then select the apps you need (e.g. Google Classroom).

If you forget your Username and/or Password, contact the FIS-ITT, Eric Pieper at charles.pieper@flandreauindianeducation.com. Thank you!
