I still work for Safeway, will be starting my 30th year with the company in September. I work at the Cherry Creek store and am a file maintenance clerk or scan coordinator. Boring! I love to travel and got the bug with my first trip to Europe in 1990. Since then I have been to Italy, Southern Germany, Austria, Athens, some Greek Isles, Cyprus, Israel and Turkey. I think my friends have me along so I can take pictures. I seem to be the official photographer for the trips. My travels make me appreciate the good old USA even more.

I live in a small town of about 5,000 nestled in the Ozarks. My husband has now retired but I work in geriatrics in a nursing home. I do therapy on their limbs. We have discovered the thrill of gardening. We go to one of the many lakes that is here in the Spring and Fall, Summer is much too hot and humid. Any time any of you would like to come to the Ozarks please come on by.

Enjoying family life despite the grey hairs and additional pounds due to two cute daughters. Have been employed since 1993 as Sales Manager for Metro Building Products in wholesale drywall distribution. Enjoying long time friendships with Ken Horn, Ron Stanislaw and John Quinn, traveling, dining and golf. Looking forward to renewing old friendships at our 30-year reunion and have enjoyed helping with the reunion committee. Finally, I am still active in Tae Kwon Do as a coach and instructor since 1971 and still drive my 1940 Plymouth I got right out of high school.

Married to the former Camille Annette Graham (Alameda Class of 1976) in 1995. (I was divorced shortly after the 20-Year Reunion.) Two daughters from my previous marriage, and two step-daughters. No grandchildren. I am working in Private Franchising. I am a Commander in the Navy Reserve, currently supporting a command in Yokosuka, Japan. After next year, I expect to be transferred to a new unit supporting a command in either Hawaii or England. I had to miss this reunion due to some training duty for the Navy Reserve (bad timing). Sorry I missed it this time around; it truly would have been good to reconnect.

At graduation I was working for the govt. at the Federal Center. I had just received my GS-2 & met a guy. We married, and moved to Queens, New York. I had my 1st son, and moved back to Colorado in 1975. In 1978, I met and married my present husband, Jim. In 1983 we had a son. In Nov 2001, we will have been married 23 years. Jim & I have worked together since 1993. He has managed an independent grocery store in the 5 Points area since 1983.

On Aug 3, my husband was inducted into a "Living Hall of Fame" at Clyburn Village for his contributions to the neighborhood. Former inductees include Wellington Webb, and Hiawatha Davis, so it was an honor just to be nominated. I am asst store manager in charge of front end operations and the office manager.

My husband had 2 children when we married, and they have given us 2 grandsons and 3 granddaughters. The oldest is 19 and the youngest will be 7. My boys, Richard, 27 and Kyle just turned 20, have not made me a grandmother yet, but I'm still hoping. My best friend in high school was and still is Barb Ferber. We still keep in touch, although now it's by e-mail, but I think that still counts

Kyoto Journal, a quarterly magazine
on Asian culture. It has been the great joy
of my life. If interested, check out our web site:

Universities in Kyoto. I prepare Japanese students who will
study in the U.S. and teach English to a group of Chinese,
Vietnamese and Russian students who study in Japan. My
wife is a preschool teacher. I hope to publish a book of my
Kyoto photographs in the near future and hope it will pro-

home. If any of you come to Japan, please look us up!

I'm back to teaching high school Spanish (no biology the last few years) after 3 years at a community college. I got my Masters in Spanish from California State University-Sacramento. Marcela is majoring in theater at the University of North Carolina at Greensboro on a full academic scholarship. Charla is also wanting to study theater after her last 2 years in high school. The North Carolina mountains are beautiful, though much older and more rounded than in Colorado. I've lived at the above address for 23 years, the same neighborhood I grew up in. My house will be paid for in a little more than 2 years. After that, I look forward to traveling. I'm an Office Manager and Accountant for Architect/Engineers, and have been with the

same firm for 13 years. I also maintain and build computers for a small firm of 14 employees. My interests are first family and friends, then computers, genealogy, gardening, cooking and my pets. I hope to travel to all parts of this country where my ancestors lived and then to their homelands as well. I've been married - too many times. I've come to the conclusion that I was meant to be single. And, I'm content this way.

So sorry I had to miss the reunion - we had a vacation already paid for so I wasn't able to change it. I'm single - raising my 10 year old son, Spencer and his dog, Molly. He is into lots of sports (baseball, soccer, basketball, roller hockey, karate), so I have had to learn more about each them just to keep up with him. I did take up karate just so I could appreciate what he does. I've worked at the same place for 12 years (SunGard Insurance Systems nee System Innovations). I started at this software development company as the business manager, and now work as a business analyst - much more interesting than bookkeeping, etc. I live in Littleton and love this part of town. Get back to the old neighborhood sometimes - sure miss the old contacts. My dad passed away at the beginning of this year and Karen Fox attended the services. It was good to see her.

OK here goes, I am not big on this so feel free to cut and paste as you see the need. I am married nearly 25 years now. My wifes name is LaNae. She is a graduate of Ranum High in Westminster. I graduated from Colorado State with a degree in Fisheries Biology in 1975 and went to work as a lab technician making vaccines for fish diseases. Game Department in 1982 and have worked my way up from entry level fish culturist in fish hatcheries to my present position of Resident Hatcheries Supervisor. I supervise the 12 production hatcheries that raise rainbow trout, cutthroat trout and other species. We have two daughters, Melissa was born in 1982 and is enrolled at Colorado State majoring in international journalism and French. Kaylee was born in 1985 and is in the 8th grade here in Boise. My husband and I retired in January 2001 with each of us having 30 years of service at our respective jobs. We are spending our time traveling and enjoying places we haven't visited and revisiting some of our favorite places. Don't plan on going back to work anytime soon, unless it happens to be something fun! As most retirees have stated, don't know when we had time to work. Just loving our new lifestyle.
