High School, she is the registered nurse and I'm the Dept. Coordinator for Business Education. We don't have children, although when asked I tell people we have 147 kids, they're just somebody else's. We're content spoiling nieces and nephews. Our leisure time is spent traveling (love the Carribean) or riding my Harley. I'm hoping retirement comes sooner rather than later.

I'm still living in the frozen tundra ... Alaska. However, after 20 yrs in Fairbanks, I did move south 350 miles to the "banana belt" known as Anchorage. I moved to Anchorage as a single mom, as John and I divorced in 1995. On the job front, I just celebrated 16 yrs with Birch Horton Bittner & Cherot, one of Alaska's largest law firms. I wear two hats for them, I am the Human Resource Manager, as well as a Litigation Paralegal. John-Michael graduated high school in 1998 and has been playing Junior Hockey in Canada and Alaska since then. He heads off to college in Sept. at Johnson & Wales University in Providence, RI where he will be playing Div. III hockey. Matthew enters 8th grade this fall and also plays competitive hockey. Yes, I am a hockey Mom - in every sense of the word and enjoying every minute of it. Life is good!

I have lived in Greeley since I graduated from UNC in 1977. I work for a specialty contracting company doing payroll and cash management. I have worked there 9 years. Katie's dad and I divorced shortly after she was born and I remarried in 1992. My husband and I coach Katie's fast pitch softball team. We practice year 'round. This year we traveled to Florida for a tournament at Disney World. My husband and daughter will be in Kansas City playing a tournament during the class reunion. I remember high school as an extremely fun time. I hope my daughter has as much fun as I did. Somehow, I think things have changed a lot since the 70's.

Roseann is a Green Mtn. girl and we have no children, by choice - although some people think she has one: me. I did 12 years at Coors in sales & marketing and opened up many states back East. We lived in North Carolina for 8 yrs. while with Coors. I got tired of corporate life, moved back to Lakewood just before our 20 yr reunion and opened a computer training facility in Applewood. After a year I sold out and bought a liquor store in the Columbine area. I've owned it for 9 yrs and it's one of the top stores in the SW part of town. I play a lot of golf, travel and enjoy my firends and family. I plan to retire at 50, although my friends think I already have. Dale Burkhart (best of friends since 7th grade), John Quinn, Ron Stanislaw and I still get together fairly regularly with our wives, have dinners, recount the "old days" and create new memories. I'm an avid Avalanche fan and recently got to play golf in the Joe Sakic Invitational where I met Joe and several other players. I had a great time helping to put this reunion together. With more people on the Internet, who knows, 10 yrs from now we just may have a giant tele-conference reunion and all the alumni can participate from home! But then how would we count each others' gray hairs, wrinkles and extra pounds!

Besides putting up with particular members of the reunion committee, (which could be a full time job in itself, especially with some of the more ornery ones...) Anyway, I've been married 25 years and we have 2 children; Tory and Shawna. Our son Tory is 21, is a senior systems engineer at a firm in LoDo, loves his job and most important has his own apartment! Our daughter Shawna is 17 and starting her senior year at Lutheran High. I don't know where

the time has gone and when the kids grew up but they have. I work downtown at Wells Fargo Bank in the Trust department on the Custody side which consists of the large foundations and basically people with so much money they have to diversify it into trusts of one kind or another. I've been with the bank going on 10 years now and enjoy the department I'm in. Sam has his own company, Sella Enterprises and he does marble and tile work. The downside is, like any industry in the construction business, it is either feast or famine. I look back over the last 30 years and even though I haven't done anything amazing or even very exciting, I have so much to be thankful for; my children, my health, my friends and family and who could ask for more? I'll never be rich or famous and that's OK with me. Looking forward to the 40th!!!

Soon we will have an empty nest. What is that like? We have the four girls, Amy 24, Kelly and Keri 21, and Becky 18. We have three grandchildren and are having much fun with them - two boys and one girl. I am a stay-home Mom / Grandma, and I work part-time with the county. My husband of 27 years still works for Jeffco Sheriff Dept. We intend to retire within the next eight years ... Retire ??? We are getting older ... not old! I'm not afraid to tell anyone that I hate gray hair so I keep mine dyed. I hope to get my best bud from high school, Janis, to attend the next reunion with me. Janis, I hope you are reading this. Hi Pirates! I got married in '95 at Lava Tree Park, I never had kids, but they are fun. I'm a Physical Therapist Assistant and have had jobs doing spinal assessment with a spinoscope to working orthopedic rehab at a hospital in neighboring Waimea on the Big Island. I am licensed in massage and do that at the Mauna Lani Beach Hotel. We have 2 acres filled with macadamia nut trees and they require harvesting all the time, we await our avocado plants to take over. We fish 2 times a month on our boat and catch Ahi, mahi,ono and marlin! I love to windsurf although I do that more on Oahu...I kayak or snorkel here and encounter the dolphin pods and actually swam with a pod that play and swim around my kayak. The whales are thrilling to visit too. I take pictures underwater of them. Last time I was in Colo. was 1995, the year of drought at Telluride, but still got through the rocks at Golden Peak. Broke my ankle at Kokopelli's Bar and we traveled on to Costa Rica, thinking I sprained it...windsurfed til I dropped and even body surfed with fins...ouch. Went to Tonga last summer and scuba dived for the first time in 16 years...a tank had exploded next to me, but I am in one piece and wish you all peace and good hugs.

In 1978, we were married in a meadow just outside Central City, but transferred to Washington DC in 1980 to continue careers with the Department of Veterans Affairs (VA).

Since 1997, Debbie has been the Special Assistant to the Chief Financial Officer (CFO) for the Veterans Benefits Administration. Most recently, she worked as an information technology budget analyst, fiscal survey specialist and regional finance manager. She has also worked in the home loan guaranty program, benefits claims processing and appeals. Bob works in Information Management, specifically as a webmaster. Our hobbies include fishing, walking, cycling, card playing, reading and cowboy action shooting. We have both been involved with Special Olympics and teaching CPR for American Red Cross and American Heart Association. We purchased a home are moving back to Lakewood in September 2001, so we expect to start some new hobbies like weeding, gardening, home remodeling and mowing a big lawn. Debbie is returning to the veterans' benefits claims arena. Bob is retiring from his first career and looking forward to starting another. Joining us are our four "dependents" Squeaker (10 years), Wiggles (8 years), Bouncer (5 years) and Rusti (4 years). (P.S. Don't tell the IRS, but they are really 2 cats, Squeaker & Bouncer, and 2 dogs, Wiggles & Rusti.)
