EXECUTIVE SUMMARY

The second quarter of 2026 focused on continued development across The Infinit™ Foundation's core initiatives. Eternity Chapel began production of *Wilder Stars*, a worship-driven film that promotes its upcoming standalone platform while sharing the Gospel. *Project Forevermore* continued development in Unreal Engine, while *Infinit™ Dominion* advanced its immersive virtual world with increasingly hyper-realistic environments. Development of *Book Three* of The Infinit™ Universe also remains ongoing.

FROM THE CEO

As we conclude the second quarter of 2026, I am once again reminded of God's faithfulness in every season. While much of this quarter has been dedicated to steady development rather than public milestones, the work taking place behind the scenes continues to strengthen the foundation for what lies ahead. We remain committed to building experiences that proclaim the Gospel with excellence, creativity, and purpose.

Eternity Chapel: Worship Through Motion Picture

This quarter, Eternity Chapel embraced the use of emerging AI filmmaking technologies to develop a worship-driven motion picture titled *Wilder Stars*. Created to promote our upcoming standalone platform while sharing the Gospel through cinematic storytelling, *Wilder Stars* represents a significant step forward in our mission to reach people through creative media.

The film serves as the origin story of Forevermore Canyon—the central destination of Project Forevermore and the spiritual heart of Eternity Chapel's new application, which remains in active development. Through this project, we are exploring new ways to communicate timeless truth using the tools available to this generation.

Project Forevermore: Continuing Development

Development of Project Forevermore continues to progress in Unreal Engine as we lay the technical and creative foundation for Eternity Chapel's future. Every system and environment is being designed with long-term scalability in mind, allowing the platform to grow while providing an immersive space for worship, fellowship, and discipleship across a wide range of devices.

The Infinit™ Universe: Looking Ahead

Work on Book Three of The Infinit™ Universe continues. As with every chapter of this story, development is progressing thoughtfully and prayerfully to ensure it faithfully reflects the vision and mission entrusted to our foundation.

Infinit™ Dominion: Expanding the World

Development also continues on Infinit™ Dominion as we incorporate increasingly hyper-realistic environments into its immersive virtual world. Each advancement brings us closer to

delivering an experience that blends cinematic storytelling, exploration, and meaningful interaction within a richly detailed universe.

While many of the accomplishments this quarter are measured in countless hours of development rather than public releases, they represent important investments in the future. We believe God is preparing opportunities that extend far beyond what we can presently see, and we remain committed to stewarding them with excellence.

Thank you for your continued prayers, generosity, and encouragement. Your partnership enables us to continue building works that seek to glorify Christ and share His Gospel with the world.

With gratitude and resolve,

Daniel M. Ross
