

Step back into life at the **September 2019**  
**Senior Center of Elk Grove**  
a self-funded 501(c)3 non-profit organization

Friday, August 23, 2019 the Senior Center was notified by the City of Elk Grove that the new Senior Center construction has again been delayed and the building will not be completed until “November-ish”. As we all now know, “ish” does not represent a real time frame. To that end, we will continue to run the current Senior Center as usual. All support and other groups that were postponed until after the move - Alzheimer’s, Neuropathy, Parkinson’s, Social Singles, Craft of Writing and HICAP - are invited back until we are notified the new building is **ready for occupancy**. Until that time, we will not take any further steps that may disrupt our regular programming.

Please see a Staff member with any questions.
