Here at BRBD we believe in letting our puppies grow and mature properly.

Part of that is making sure males and females joints and hormones develop correctly even after they leave our care.

When spay/neutering a dog to early it can cause many health problems to your furry friend. It could take years off your dogs life due to cancers and triples the risk hypothyroidism if done in the wrong time frame. We know some vets will spay/neuter at 6 months of age and we simple do not agree with that for this breed. We require this contract only for the well-being of our puppies.

By signing this contract _____ agrees to Only fix he/she after the age of 12 months and before the age of 24month And understand all details of this guarantee and contract.

After the spay/neuter is completed we require a confirmation veterinary signed paper.
