From the Horse's Mouth!

"The show comes alive when Heidi Herriott is performing. What a pleasure it has been to present Heidi and her big and little horse act at Circus World during the 2011 summer season. Our audiences sat mesmerized by her dancing High School horse Lady Dancer and loved watching her work alongside that endearing miniature horse, Lucky Star. Heidi's every move, from the opening production number thru the grand finale, demonstrates the finesse of a seasoned professional. We also discovered that the stand alone Lucky Star Showcase was a big hit with young and old as they watched Heidi work in concert with this highly educated and spunky trick miniature horse. Heidi is always willing to make herself generally useful whenever a situation would arise and she quickly won the admiration of her fellow artists. Ms. Herriott's talent, presence and poise are truly remarkable and we look forward to working with her again."

"We were at Circus World in Baraboo WI, and we saw the shows presented with Heidi and the complete circus performers last week. It was wonderful. My 7 year old daughter Abbagail was so happy and excited after the acts she saw, she talks about it all the time. I spent 9 days in the Dells and it was the best day we had. Abbagail got to pet Lucky Star and meet all the performers after the show ... Heidi and the performers including her daughter were fantastic and the Baraboo Circus World was great. My daughter asked as soon as we came home to look up Lucky Star. It will be a day we will never forget, THANK YOU all at the Circus World for making a day in my daughters and my life we will cherish for ever!"

"...**Heidi** did an exceptional job with her performance, keeping the audience well entertained and engaged. The audience loved the show and interacted very well with both Heidi herself and her multitude of "performers". People of all ages attended the evening performance and everyone had a great time. What sets her apart from other performers is the fact that her act is innovative and unique. Her act was humorous and contained things that we had never imagined, let alone seen before. She has a fresh approach to the type of "acts" we normally see performed. We would not hesitate to recommend Heidi Herriot to other organizations. Her evening performance was fun, but also very professional and we would be happy to have her return."

"Heidi and her horses are a prime example of the bonding between women and horses! A true horsewomen who can entertain any level of horse enthusiasts. We were so proud to have Heidi and her wonderful horses and entertainment at Women Luv Horses event, April 2009. We look forward to work with her many more times in the future!"

"The Manatee County Fair would like to thank you and Lucky Star for appearing at our fair in January. Lucky Star put on quite a show during your time here! We had several fairgoers stop by the fair office and compliment your show and some wanted to know where you were after you were gone. Thanks again for all of your hard work at our fair this year."

Daniel West, Manatee Co. Fair President

"Dear Heidi: I would like to take this opportunity to thank you for your participation in our annual Parrish Heritage Day Parade and Festival. As Chairman of this event, I'm sure you can understand how stress-filled I was last Saturday with all the details I had to work out. Having never met you or Lucky Star, I wasn't sure what to expect. As soon as I saw you, somehow I was instantly at ease. You obviously knew exactly what you were doing and weren't the least bit concerned with conditions or set up. You found a way to work right in and around the other performers without a moment's hesitation. You and Lucky Star were the highlight of the afternoon. I was truly amazed at Lucky Star's abilities and calm nature. The show was concise, well preformed, just the right length, and neither one of you seemed to mind the hot dry day, when the rest of us were sweating in the heat. I would not hesitate to hire you for future events."

"To my delight the show started with ringmistress Heidi Herriott, riding in to the single ring, welcoming all to the circus, as only she can do. What followed was her high school drill on her beautiful horse. A Herriott family tradition, well done and well received by the full house..."
