Requirements for Clinic Participation

A HorseTrix clinic can be physically demanding as well as being held outside in the elements. You should be prepared to work hard, lift, pull, and be on your feet for several hours at a time in addition to feeding, watering, tacking, grooming, mucking and caring for your horse prior to, during, and following the clinic. If you have any medical conditions that might prohibit or lessen your ability to keep up in a group setting, you should consider scheduling a private lesson to allow you to learn and work at your pace. No refunds will be provided for individuals or horses who cannot keep up or do not have the basic requirements outlined in this application.

The Undersigned assumes the unavoidable risks inherent in all horse related activities, and hereby agrees to hold harmless and indemnify Heidi Herriott, HH 101 Ranch, and further release them from any liability or responsibility for accident, damage, injury, or illness to the Undersigned or to any horse owned by the Undersigned or to any family member or spectator accompanying the Undersigned on the Premises.

I have reviewed this entire application including the requirements and abilities for students and horses (above and below) and understand them. I am healthy and able to participate in the clinic. My horse is healthy and able to participate in this clinic. My horse does not have any bad habits to the extent that it will harm other horses or people such as kicking and/or biting. The clinician reserves the right to address unsafe situations with all horses and participants.

I consent to having photos of the clinic that may include images of my horse and/or I to be used by Heidi Herriott and/or Legacy Horse Ranch for promotional purposes and advertising. Images will not be sold or released to any other company or individuals.

Signature of student _____ Date _____

Requirements for Students and Horses:

We want this clinic to be a safe, enjoyable, informative, and overall positive experience for both you and your horse. With that in mind, it is our experience that your safety and success rely on your meeting the following criteria:

Your horse should have a solid foundation. This would include being able to tie on a single and cross tie; stand while being tacked, bathed, farrier work, etc. They should also be able to lead nicely on a lead rope. They should be desensitized to training aids. You want to be confident and in charge when training or interacting with your horse. It is imperative first and foremost for your safety, the safety of other people and animals, as well as the success of your participation in this clinic.

Please tell us a little about your horse experience by filling in the applicable responses:

Ability? Novice____ Intermediate_____ Experienced _____

of years working with horses_____ # of hours per day or week that you work with horse(s)?_____

How many horses do you currently own/lease/work with?_____

How many horses have you owned/leased/worked with? _____

Disciplines _____

Do you ride?_____ Walk?_____ Trot?_____ Canter?_____

Do you have a roundpen? _____ Do you frequently roundpen your horse?_____

Are you a trainer? _____ Facility name/website_____

Disciplines trained _____ # of years training_____

Approx # of horses trained _____

Please tell us a little more about the horse you will be bringing:

Level of training? Foundation?_____ Other discipline/training_____

Who trained your horse?_____ Years in training?_____

Bad habits/issues (please be honest – we will likely be able to help with these)_____

If paying by check, make check to Legacy Horse Ranch

Please complete the above application and send with check to:

Legacy Horse Ranch Attn: Susan 170 Rarity Bay Parkway Vonore TN 37885

The following pages are to be kept for your reference and information

We will have a fun, informative, and busy day! Following are the items that will assist in a successful day...

Equipment/Tack

Please bring the following: ([Please don't feel the need to go out and buy anything – we will make due!](#))

- Webbing or leather halter (not rope halters) and lead rope (round soft cotton rope is best around 4-6')
- Lunge line around 8-10' long
- Gloves - optional
- Single hobble - we will have a couple available to use at the clinic if you do not have one
- Set of reins - preferably one continuous rein with snaps on each end to snap into halter
- Boots (preferred) or closed toe/heel shoes to work in. No crocs, flip flops, sandals or such are permitted
- Layered clothing so you do not have to stop to change
- Dressage type whip
- Lunge Whip, or stick & string/carrot stick
- Treats and treat pouch
- **Other things to bring: Water/drinks, snacks, lawn chair, hay, water bucket**

If you want to get a better idea about the things we will cover at the clinic, you can go to www.horsetrix.com to see video and my YouTube channel '[HorseTrix](#)' playlist.

Principles of Training

It is important to always refer to the following principles of training when working with your horse and training new behaviors. Utilizing these principles will help to ensure your safety and success!

- **Safety First!** *Always do a safety assessment to ensure a safe environment for all*
- **Patience** *Approach all training sessions with a clear head and sense of calm*
- **Capability** *Asking something the animal is capable of*
- **Consistency & Clarity** *Clear, concise cues and commands (body language, voice, tools, position)*
- **Repetition** *Consistently repeat the commands, cues, and behavior over and over again*
- **Reward** *Praise (verbal and physical) and treats for good efforts*
- **Discipline** *Indicating something is unacceptable thru voice, body language, and/or tools*
- **Progress** *Set the bar high; Move forward with training and expectations; Don't settle for less!*

I look forward to meeting you! *Heidi Herriott*
