Handle *D* with care

In the Old Testament, the temple tools were specific..defined by God! It was Yahweh God that gave Moses the specific and precise patterns pertaining to tabernacle construction; the measurements, material, layout. The tools used also were instructed from God. With all the construction and activity, people were chosen for specific duties and to oversee, yet all were involved in some capacity.

Every piece of metal; the type, the gold inlays of the ornamentation, the wall/drape coverings all meticulously explained and executed. God gave them the skills to carry out all He had asked of them. As He always does, God fully equipped the people so they would be successful. In all that they did, great care was taken, each item handled with loving care deserving of our Holy God. As the people laboured, the temple of meeting was built. It had to be cared for and maintained. Those chosen to oversee were the priests. The tribe of the Levites were entrusted to handle the things of God with care.

Now this was a tremendous responsibility to ensure the operation, upkeep and make sure all ordinances of God were adhered too. There were many aspects, from the outer court to the inner sanctuary where the Holy of Holies was and where the ark of the covenant would rest. This is the place where God would descend !

When It came time to move, God would signify as the cloud would lift. The items has to meticulously packed and handled with care; from taking down the veil covering the Ark, the pole that it had to be carried with, the proper hoisting and carrying of the Ark with great awe and amazement on their shoulders. All the wall hangings and entrance curtains, courtyard curtains and associated material were packed. The curtains of the frame and all remaining items were lovingly, reverently packed with care.

Such a tremendous effort! Such care! After all, these all were to be used in worship to a HOLY GOD. In all this, God in turn blessed the people with HIS PRESENCE! Can you imagine seeing God leading you in life? WELL...actually we can!

Where the temple was once outside, set apart as a separate place, our Lord made it that He our Father in Heaven, Our Lord Jesus and the Holy

Spirit would dwell in us, in the believers heart..in these temples of the Holy Spirit . We read this in John 14:23 and 1 Corinthians 6:19 :

***"Jesus answered and said to him, "If anyone loves Me, he will keep My word; and My Father will love him, and We will come to him and make Our abode with him "  
John 14:23***

***"Or do you not know that your body is a temple of the Holy Spirit who is in you, whom you have from God, and that you are not your own?"  
1 Corinthians 6:19***

Such great care our Lord Jesus has for each of us. He ministers, leads and handles us with great care in these vessels He has blessed us with. And so we must take care of what has been entrusted to us, our bodies. There still is the external building, the church where the body of Christ gathers to lift up voices and

hands unto our Holy God and sing for praises to Him. In this building, we too take and handle with great care all things. There is the upkeep, there is the maintenance, and then there is at times like now where COSF is currently preparing to move! Yes, the sanctuary is moving. God has provided and shown us the way. In this we have great responsibility for the temple tools and the things of God. There is the breakdown and the building as in the days of old still to be done. God is and does speak, showing and directing in all aspects for HIS GLORY.

How glorious is it to be working and labouring WITH GOD! It is a very exciting and special time, and one where all things need to be handled with care! Why? We are serving a Holy God who IS WITH US speaking, guiding as He always has. Our Lord throughout history and to this day is faithful, loving and caring for each

*of us, His children.*

*It is a special time, a busy time full of activity, growth and blessings for the flock of God. I want to encourage you to seek the Lord as to HOW you can help care for and handle the things of God with care.*

*See you Sunday at 10:30am*

# WALK

Happy September everyone! Laura and Jacob here. In honour of those who started high school this year, we decided to spend some of our time this week remembering our first day of high school.

Laura and I remember showing up to our schools ... we both had to go up to this massive bulletin board and find our names to locate our home room while at the same time trying to find the few familiar faces that we knew from elementary school in the sea of strangers. This in itself was stressful enough, and the day had only just begun. Before the first bell rang, we both power walked to our homerooms for fear of being late and met the first of four teachers and hundreds of classmates we would meet that day (all while trying to not make awkward eye contact with anyone). After our first couple of classes, we both remember thinking "this isn't too bad" ... but then came LUNCH! I remember my first lunch in the cafeteria. It was so loud and I couldn't find a place to sit; it was impossible to relax. Laura didn't even find a place to sit ... apparently the cafeteria wasn't 'cool' in her school. We didn't even have cell phones to text our friends to find them! The whole day was incredibly overwhelming!

What do we do on days like the first day of high school? How can we remain at peace amongst

all the new, scary, overwhelming things in life? Psalm 23:4 reminds us that "Even though I walk through the darkest valley, I will fear no evil, for You are with me; Your rod and Your staff, they comfort me." Even in the most overwhelming, anxiety-producing, fear-inducing situations, God promises that He is right there with us. He truly is so close to us; we have nothing to fear. God is always there to comfort and protect us every day of our lives, because Jesus Christ is the same yesterday, and today, and forever (Hebrews 13:8). No matter how the first day back to school went, remember as you go forward - God is with you and He is there for you. Know that we are praying for you all and all of your classmates and we are always here to encourage you and remind you of the goodness of God as you begin this new school year. God bless you all.

# IN THE *Life* ...

Hello everyone! This week I have received countless messages about the continued flooding in Pakistan. The recent rains and flash floods have destroyed villages, livestock, crops, and left hundreds more dead. Our prayers go out to the families who have been affected by the floods. We lift them up to our Lord Jesus Christ who is able and willing to save those who call upon His name. We trust that The Lord will have His perfect way, and pray the Holy Spirit would comfort His people. Please be praying for your brothers and sisters, and God bless you all!

**Noah Martins**

Hello everyone, recently there has been an outbreak across the region of Pakistan called Dengue Virus. The virus comes from the bite of infected mosquitoes and can be very severe, it does not have a cure or any specific treatment either. A sister was sharing with me that many people in her church and many families are ill with this virus. There have also been many suffering from the severe flooding in the region, destroying homes, leaving people homeless, injured and without food. Please pray for the region, that the Lord uphold His children in these many challenges, to sustain them and draw them near to His side, to comfort them and remind them of His goodness and faithfulness.

# DOES GOD CARE?

In a world where injustice is rampant and cries for help go unheeded, humanity grapples with a make-or-break question: Does God Care? Kavitha Emmanuel confronts this profound query by examining the scriptures to understand God's stance on humanity's most pressing concerns. Consider these four sessions as an invitation to a raw, transformative dialogue that will challenge your perceptions. Re-evaluate your understanding of divine concern and re-assess your role in bringing change.
