100 Reviews were received from guests that sailed with us during the 2019 season, we want to thank them for taking the time to complete these reviews! All of these reviews were **5 stars** and came from AirBnB, Google, TripAdvisor and Yelp. These reviews are all shown below.

I chose the last sail of the season to find that perfect adventure proposal. It was a little chilly, but Captain Bob and Johnathan sailed us to the lighthouse while providing blankets, champagne, and cheese. They helped me capture the moment that mattered the most... not to mention Captain JB is a world class opera singer who shared his amazing talent with us. Thank you for helping me arrange this special day. This crew definitely went above and beyond to set sail!

2. **Makensie** – Went on an Experience November 9, 2019, Airbnb

My favorite part of my 4 day trip by far. BEAUTIFUL spacious boat. Amazing company. They let me sail and we're so patient and encouraging. I would do it again tomorrow.

3. **Jill** – Went on an Experience November 7, 2019, Airbnb

I could not have been blessed with better captains for my first time sailing. Captains Bob and Johnathan were incredibly kind, educated, fun and their shared passion for sailing truly inspired me. They went above and beyond to make it a day and an experience that I would cherish for a lifetime. I can only hope to have the opportunity to sail with them again next time I'm visiting Maine.

4. **Brieann** – Went on an Experience November 3, 2019, Airbnb

Beautiful scenery Bob is a wonderful guy who really knows his stuff. He told us stories of the area and the background and history of it. He even let me steer the boat for a while. A beautiful place to be and wonderful experience. It's not in Portland which is a little misleading but worth the drive.

My wife and I, celebrated our 1 year anniversary with captain bob. We didn't meet with abbylynn, but she was who we communicated with prior to sailing. Communication was great. Helpful, informative, quick, and clear. Couldn't be happier. We met captain bob in the parking lot and right away felt comfortable. He was friendly and helpful. He gave us some history of the boat and its capabilities. Which was great. He sat with us for about 10 minutes to explain what we'll be doing. Very informative. He was very welcoming. We were able to celebrate with champagne that he was able to keep cold for us and, deck mate, Keenan was helpful in making sure we were comfortable. He even gave us a little show! A black belt karate experience! As we explored the bay and island, bob was super informative of everything we saw and passed. Very knowledgeable. We couldn't recommend this experience enough. It was awesome! He took us up into the bay a ways as well which was very beautiful. I would definitely come back and sail again with Abbylynn and captain bob. They helped make our special day very memorable. Thank you guys!

I couldn't imagine having a more wonderful experience. I booked a trip to sail past the lighthouse my father and his twin brother had lived on the first seven years of their lives. I ended up with an introduction to the wonderful folks that have restored and maintain the lighthouse and keepers home and a personalized tour of the premises. All on a gorgeous sail boat, expertly crewed and ending with a world class opera aria in the language of my choice. I can't recommend this trip strongly enough. Even without a personal connection you get all the other wonderful aspects of a truly marvelous trip. Go sailing!

7. **Jason** – Went on an Experience October 13, 2019, Airbnb

Once in a lifetime experience. We got a special trip and opportunity to see a lighthouse and keepers house like few people have ever had the chance to do. I would not hesitate to take another trip and will always cherish this event as one of my fondest memories. The ship, crew and experience were all top notch. The sunset capped off an amazing evening.

8. **Jessica** – Went on an Experience October 11, 2019, Airbnb

Fantastic experience on the water. The seas were angry so we stayed on the river. It was phenomenal and beautiful. I highly recommend the experience.

My husband and I took a two hour cruise with Bob and Jonathan and had an extraordinary time! My husband was even allowed at the helm! Wonderful stories of the islands were told and we were even serenaded by Jonathan's tenor voice! I highly recommend this experience!

10. **Marilynn** – Went on an Experience October 9, 2019, Airbnb

We sailed with Bob and Jonathan and both were wonderful hosts and guides! They worked with us prior to sailing to determine exactly what we would like to have included in our experience. Our trip was exceptional! We enjoyed the spectacular scenery of both Casco Bay and Casco River; and along the way we learned about the interesting history of what we were seeing. The entire experience was fun, exhilarating, educational and simply delightful! One of a kind. Whether one is a sailor or landlubber, resident or visitor; this experience is not to be missed!

11. **Sarah** – Went on an Experience October 8, 2019, Airbnb

We absolutely loved our adventure! Bob and Jonathan were wonderful hosts -- very welcoming, informative, funny, and friendly. We were on a leaf peeping tour of MA, ME, NH & VT, and my group of four all agreed -- the boat ride was our favorite adventure of the trip! Thanks for a great time, and we hope to meet again!!

We had the pleasure of spending about 2.5 hours with Bob and Johnathon. Both of whom were super nice, full of stories, and did an excellent job explaining and navigating us around both the bay and the river! We started out parking in a larger parking lot, found the dock with no issues and Johnathon and Bob came up to greet us and brought us down. The boat is absolutely beautiful. They showed us around the boat, plenty of room inside, beds, a bathroom, snacks and drinks too! We decided to go with the bay tour, but ended up doing a partial bay tour and a partial river tour. We did see the lighthouse and then the wind and waves were a little tougher than expected, so we ended up heading back to the dock and to the river. The river was great - lots of beautiful autumn colors, even though we did the sunset tour. They have plenty of blankets, jackets, and even chairs that you can put on the bow of the boat to sit down! Bob was our major story guy. Super fun and knowledgeable. Johnathon, apparently is an international opera superstar!! We didn't get to hear much singing, mainly because

Johnathon was our captain and singing and sailing at the same time is a lot harder than you would imagine!

13. **Tina** - Went on an Experience October 4, 2019, Airbnb

Best sailing experience ever! This is a must do! The captain and crew “ Bob and Johnathan” were so friendly and knowledgeable. We learned so much about sailing and the area and they let my husband Jt drive the boat the whole time! We even caught some wind and got going pretty fast which was awesome! We all thoroughly enjoyed our experience and highly recommend! Tina

This could simply not have been a more enjoyable experience. Abby and Bob were incredible people and made us feel so welcome to be aboard their sailboat. The vessel itself was impeccably maintained and extremely comfortable. The most important part to me was that Bob taught me about sailing. Not only did he explain about the area and how to sail, but allowed me to take the helm for the majority of the excursion. He allowed me to sail his vessel for a good portion of the evening as he taught me about sailing. It made for an experience that was simply unforgettable. I can’t thank him enough for it. I would wholeheartedly recommend this to anyone who not only wants a trip on a sailboat, but wants to learn about sailing as well.

16. **Rebecca** – Went on an Experience September 29, 2019, Airbnb

My husband & I did a sunset sail with Captain Bob & Abby. They were so welcoming & happy to have us aboard. The Mistress is a beautiful sail boat. We learned lots of history of the area & had great conversations with Abby. If you have never sailed or love to sail this would be a fun trip.

20. **Cristina** – Went on an Experience September 15, 2019, Airbnb

What a wonderful beautiful experience. We had such a fun time with Bob's stories and Jonathon's humor. The water was calm and the day was ideal.

24. **Jordi** – Went on an Experience September 9, 2019, Airbnb 

Bob and AbbyLynn were great! My dad went on an awesome sailing excursion and Bob took lots of great pics of him spinning the wheel and sailing! Bob sent me the pictures personally so I could post them for my dad! Above and beyond!

25. **Turner** – Went on an Experience September 8, 2019, Airbnb 

Great trip although more wind would have been better!

26. **Michael** – Went on an Experience September 8, 2019, Airbnb 

My wife Susan and I thoroughly enjoyed our sail! It was our first time aboard a sailboat and it was both exhilarating and relaxing. The "Mistress" is a big beautiful boat with comfortable quarters below, but we choose to spend all of our time on deck enjoying the great views and the wind in our faces. Captain Bob welcomed us aboard and made us feel comfortable giving directions on how to move about, use of the toilet, and offering my wife who had concerns of sea sickness preventive remedies. We really enjoyed Bobs stories about the history of the lighthouse, area shipwrecks, islands, and local lobster trapping.

[Sunset sail highlight of our trip!](#) Our sunset sail with Broad Reach was the highlight of our Maine trip! My husband even got a turn at the helm (and missed all those buoys!). Captain Bob is very involved with lighthouse preservation and shared with us the history of the Wood Island light as well as some very interesting local maritime history. And then the sun started to set and Jonathan adjusted the sail to optimize our photo opportunities (and we did get some great sunset pictures). Bob also offered to take photos of us on board. Both Bob and Jonathan were very friendly and attentive to passengers. Both are very skilled sailors. And Jonathan is an opera tenor and we coaxed him to serenade us. The boat itself is beautiful, well cared for, and very comfortable. I would not have minded if our 2-hour tour lasted all week!

28. **Bob** – Went on an Experience September 5, 2019, Airbnb

What a wonderful experience. Could not have asked for a better day and weather . It was just my wife and I so we got a private trip. Loved it.

29. **Donna** – Went on an Experience September 5, 2019, Airbnb

Bob was our Captain and Jonathon his first mate. Bob was very knowledgeable of the area and both made us feel like royalty!

30. **Ben** – Went on an Experience September 1, 2019, Airbnb

Our time on the boat with Bob and Sally was unforgettable! They gave us a tour, gave us places to store our things, and tended to every question we had. Nothing was overlooked! The sailboat itself is beautiful and both Bob and Sally were so knowledgeable and willing to share. We left with a unique experience and a ton of knowledge about the area. I'd do it again in a heartbeat!

31. **Alex** – Went on an Experience August 31, 2019, Airbnb

The sail boat trip was amazing! Bob and his apprentice Sally could not have been better host. Bob took the time to show us all the elements of the boat and some sailing techniques. My daughter even got to drive the sail boat while Bob stood beside her and guided her. I would recommend this trip 1000%!!!

32. **Kelee** – Went on an Experience August 31, 2019, Airbnb

This was truly a magical experience for my two boys and me. We were looking to escape the crazy lives we lead and relax. We could not have asked for two better hosts. They felt like family right from the start, we laughed and learned, drove the boat, sat back and enjoyed the surroundings and felt at home to be ourselves. Truly a special day for all three of us and we could not stop talking about it and wishing it were longer!!!

[Smooth sailing all the way!](#) We had an afternoon sail out into the Saco Bay embarking at Camp Ellis on a late August day. While tending the sails and navigating the captain told stories of the history of the Wood Island Lighthouse and Biddeford Pool, including a hair raising tale about a young child "Tammy" being carried across a body of water on the shoulders of a brave young man and an amazing story of a rescue off Washburn Ledge when a ship hit the ledge and capsized. It was a delightful relaxing sail with views of coastal communities, pogies jumping, fishing boats, Shearwater gulls, cormorants, a seal that turned into a lobster bouy, and just enough breeze to fill the sails. It was flawless, theraputic, and great fun.

This was such a great experience! We did the sunset cruise and it was beautiful! The staff was extremely accommodating, friendly and informative about the area's history. We brought our own snacks and drinks along with us, they would go below deck and get whatever we needed for us, so we didn't miss a thing. I definitely recommend this for a fun family activity or date night!

**Best trip ever!** Let me just start by saying what an amazing time we had on this trip!! The experience of sailing on such a beautiful boat was truly something special but adding in Abby and Bob was like adding sprinkles on top of ice cream, I got nothing but kindness and true enjoyment from them! Our trip was a morning trip and started with some heavy fog, but they made sure we had the best trip possible, they circled around the island when the fog cleared and showed us everything Saco bay had to offer. When my girlfriend got sick they jumped at making her feel as comfortable as possible with sea bands, ginger, essential oils and quickly got out of the rougher water that was not sitting well with her stomach. I can not say enough great things about this trip and this wonderful couple! If I ever find myself in Maine again, I will definitely be back!!!!

40. **Debbie** – Went on an Experience August 18, 2019, Airbnb

We had a wonderful sailing experience despite thick fog. The boat itself is magnificent and Abby and Bob were extremely informative and delightful. We can strongly recommend this excursion.

We learned a lot about the surrounding islands and beautiful scenery, and we even took turns at the helm with Bob as our guide - a great teacher. They were so welcoming and hospitable, and we highly recommend the tour!

We had a great time sailing with Abby and her husband. They were really knowledgeable, friendly and went out of their way to make sure we had fun and learned about all we saw. They even took pictures and sent them to us at the end.

43. **Michael** – Went on an Experience August 17, 2019, Airbnb

Very friendly, extremely knowledgeable - great experience and for our 6 year old as well.

44. **Jonathan** – Went on an Experience August 17, 2019, Airbnb

We loved this sail out into Saco Bay. Bob and Abby were knowledgeable and generous hosts. They work with a lot of people on their boat, and it shows in their assurance and confidence in helping newbies make their way around the ship - and make the ship's way around the bay. They made sure we saw everything we wanted to, making several passes near a sunning ocean sunfish so we could get a good look, and coming in close to the many notable islands. Even though a large group cancelled the morning we went out, they treated us and the other couple like the day was all about us - and since there were two birthdays on board, that was especially special. We got a lot of information about the history of the bay and the community, and a hands-on experience with a 42' bluewater ship - a rare treat! It was one of the highlights of our trip to Maine.

45. **Jill** – Went on an Experience August 17, 2019, Airbnb

Perfect trip to celebrate my husbands birthday. It was just incredible and has definitely sparked a new possible passion!

46. **Tracy** – Went on an Experience August 16, 2019, Airbnb

This is a MAINE MUST-DO! Abby and Bob went above and beyond for our sailing trip around Saco Bay. They were both friendly and knowledgeable; they even taught us a thing or do about

sailing and let us try! My girl friends and I really loved this experience and could not recommend anything more.

47. **Kimberly** – Went on an Experience August 16, 2019, Airbnb

My girlfriends and I began our Maine trip by sailing along the river with Abby and her husband Bob. Be sure to park in the sanded lot by the dock and you'll meet them there! There was another couple who ended up not being able to make it, so the 4 of use were able to enjoy the boat to ourselves! Our tour started out with introductions and a tour of the boat and we were off on our way! We spent most of the night on the bow. Abby was so sweet and prepared the snacks we brought and poured us our rosé. We were so spoiled! There's nothing like being on the water! Abby and Bob were so knowledgeable and passionate about Saco. I enjoyed hearing the stories about the Wood Island Lighthouse. I did get a little sea sick (probably should have sat closer to the wheel area), but Abby was prepared and gave me ginger candy, ginger essential oil, and sea bands. Those remedies totally helped and I felt instantly better. This is a wonderful tour and must do if you're in the area or staying in Portland! I can't wait to sail again with them!

48. **Cristina** – Went on an Experience August 16, 2019, Airbnb

Abby and Bob were so welcoming! We started with a thorough tour of the boat and went over safety guidelines. My friends and I were able to sit on the front of the boat while sailing. Abby helped prepare (and served) the snacks and wine we brought for us to enjoy. Not only were they super hosts, but I felt that we got to know about each other's lives during the ride and we became close. They provided a wealth of knowledge about the area and gave us great suggestions for dinner places after. Bob even let us steer the boat! My friends and I greatly enjoyed the experience and the new connections we made!

49. **Richard** – Went on an Experience August 15, 2019, Airbnb

This sail was fantastic. We loved every minute of it. AbbyLynn was terrific, she gave us a very warm welcome, she cared about our comfort asking if we need a blanket, and both her and the captain were very knowledgeable of the area. I highly recommend this trip. Nice boat and lovely people.

40' sailboat with a max of 6 guests with 2 knowledgeable sailors. No crowds here! We chose the Sunset cruise and got a simply marvelous trip. A novice sailor myself, I spent most of my time with Cpt Bob learning all about the boat, navigational challenges, winds, tides, buoys, rocks, reefs, lighthouses! And along the way saw schools of poagies, predators feeding on them (one a seal not 200' off the bow!). Learned about the lighthouses on the multiple islands, landmarks on the land. And saw the most magnificent pink sunset followed almost immediately by a full moon rising pink through the haze 180 degrees opposite. Unforgettable!

[Late afternoon summer sail](#) Abby and Bob were fabulous sailing hosts to my 12 year old granddaughter and me! They were personable and genuinely interested in getting to know us (while on board), sharing pertinent facts about the area that we sailed upon, and enthusiastically welcomed my granddaughter to try her hand at the helm of their boat. She had a blast! Also.....Abby went out of her way, 24 hours prior to our sail, to insure that our reservation could be rescheduled due to a "hiccup" within the reservation system. We had an absolute blast! Our time today with Bob and his daughter Shannon could not have been better. The boat is absolutely beautiful and the weather was perfect. We both got to steer the boat which was really cool. Bob is a true expert. He explained a lot of interesting things to us and answered our questions patiently. I would highly recommend making this part of your time in Maine. We loved it!!

The sail was a highlight for everyone in our family! Abby and Bob were gracious and warm and invited us to share their passion for sailing for a few hours. If you've never sailed a 42' ocean-going sailboat, you're missing out but Bob and Abby will fix that. We loved it!

So, we went out again last night. Once was seriously not enough! I took my almost-80 year old mom out again for the sunset sail, and the words fantastic, marvelous, relaxing and serene do not even touch the feeling we both had inside. Sailing on calm waters and being witness to the beauty and miracle the sun-meets-ocean has to offer us is indescribable. Mom says, "It was more like a 'family' sailing. It was more intimate than just an "experience" with strangers."

We took away memories of a sky and horizon that, "You couldn't even paint, " as Mom put it. We also saw two seals, and cormorants just splashing and preening in the sea. Ok, just GO. You'll see for yourself.

I went on a retreat through Broad Reach Sailing, and it was a fabulous experience. The owners are great guides and took care of every need. They even stocked a variety of motion sickness oils for those of us who were anxious about sailing, to make us feel better "just in case." Fabulous experience. I highly recommend.

Wonderful, knowledgeable sailors, hosts & retreat leaders. I signed up for an on-board 2-day retreat--best decision ever! Gorgeous boat, beautiful vistas, warm, welcoming hospitality, very comfortable accommodations, and delicious meals with options for a range of special diets. We were offered a chance to learn some sailing skills or just relax and enjoy the gentle ride. I have recommended Broad Reach Sailing to several folks already and I hope to book passage for another on-board retreat sometime soon!

Great boat, two great Captains, so relaxing to be on the water and waves! Anything less than 5 stars is erroneous! Food and beverages just right for sailing. No hard tack or grog anywhere to be seen!

Pam and I had an evening's sail with Broad Reach Sailing on the "Mistress", and it was fun with good food and fellowship, and a wonderful look at the river and harbor. Looking forward to a retreat this summer!
