## Dear Members of our Audience,

We would first like to thank you for your attendance at tonight's performance of "Tumbling & Dancing Through Transportation".

The support of you in our audience means more to these children than you can even imagine. It's extremely rewarding to them to hear your whistles and applause and cheers! Our team students are in a lot of routines tonight. They get tired by the end of the show. However, when you applaud and cheer and clap for their efforts it keeps them going. Even our older teenage students come off the stage after a roaring applause and say backstage "...did you hear the audience?? They loved it!!" This truly keeps them going.

This year the show is shorter. We combined classes, and this past Sunday we had our in-house Aerial Arts showcase with 9 additional routines. We still have approx. 23 additional competition routines not performed this evening. These children have trained for a single night of performance. Every child in every class performing tonight is somewhat nervous, but tonight is THEIR chance to shine for you. We know it is a couple of hours and some little ones with you may get restless, however, we try to give you quite a variety of routines: from the cheerleading teams to the hand balancing routine, down to the little toddler class. A variety and fun action-packed night...all for you! We ask that you please stay for the entire performance.

As we continue our yearly event, we hear over and over "...we're not missing anything this year, we're staying until the end of the show!" This is the biggest compliment anyone could give. Please hug your child and enjoy the opportunity to sit with them as they cheer on their classmates and friends. These children are here to perform tonight. They're giving their best so please sit back, relax and give a couple of hours tonight of YOUR time. Their smiles at the end of the show are really what this is all about!

Lastly, please be sure to have all students remain until the end of the show this year as we will be announcing and recognizing several students on stage in between routines. We will also be tossing some FANTASTIC prizes out into the audience so let's hear you cheer!!! Also, please remember there is NO videoing of ANY routine during the show. Please remain seated during performances. If you must take your child backstage for his or her number, please do so in between routines.

Sincerely,

Jeffrey, Diane and the Staff at Art of Gymnastics & Dance
