

Honor Jazz Band Audition Requirements

We look forward to hearing excellent audition recordings, and hope to have the best players in town try out for the Pikes Peak Honor Jazz Band. Just few things you must adhere to for a fair and successful recording:

- 1 – All auditions will have an audible metronome in the background. All the music is marked with metronome settings, so please don't forget. This is a change this year.

- 2 – Please do not announce your name, school, or instrument. And, if you are making a CD from a program (ie – iTunes), please do not name your recording so the judges can see it. We want to be as fair as possible.

- 3 – Make sure and listen to your recording once you have made it, to ensure its highest quality (and the best chance for you to make the band!)
