Dr. Frank H. Thomas, Jr.
Pastor

Dear Church Family,

What a delightful time we have had compiling this church directory! I am particularly thrilled that such a high percentage of our family units have participated. This is higher than ever before.

The high percentage of participation means that this directory can be an effective tool. As we desire to know one another better, we will realize the value of this book. When we put together names and faces, we will have that Aha! experience which breaks down barriers and enables us to approach one another with our correct name. I know that I look forward to that as do you.

As a result of this directory project, may we sense a renewed commitment to the growth and nurture of our church family. May our church family be more deeply committed to reach the lost and unchurched persons of our community for Christ and welcome them to the ever growing family of Christ.

In the service of our Lord,

Frank H. Thomas, Jr.
