

How to Access Kindergarten ELA Prep Video Resources

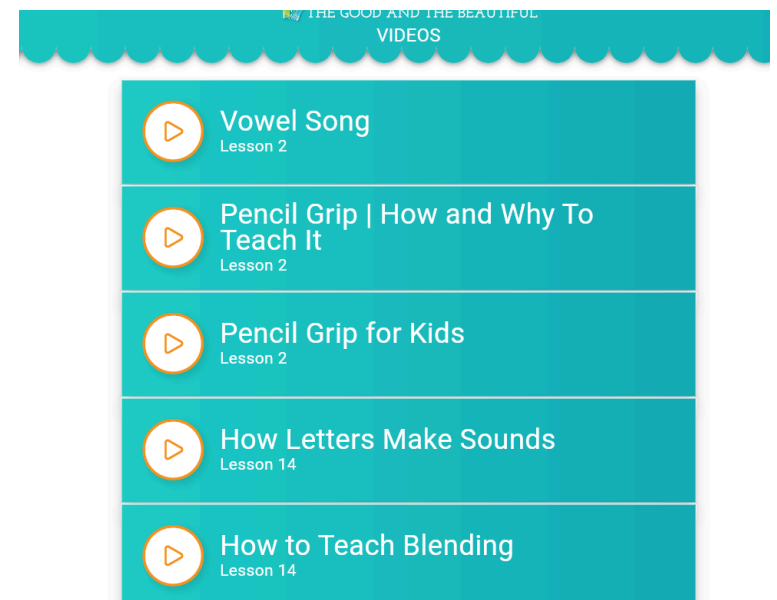

1. Click on the link to the app. This is the page that you should see when it first pulls up! Click the Language Arts Section.

2. Select whichever level makes the most sense for where your child is starting learning level wise.

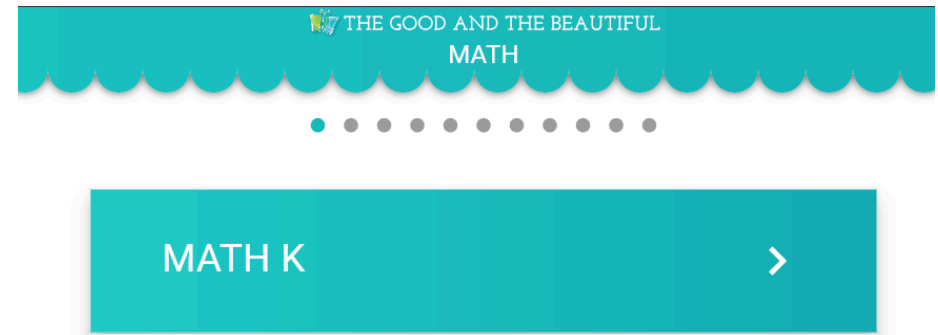

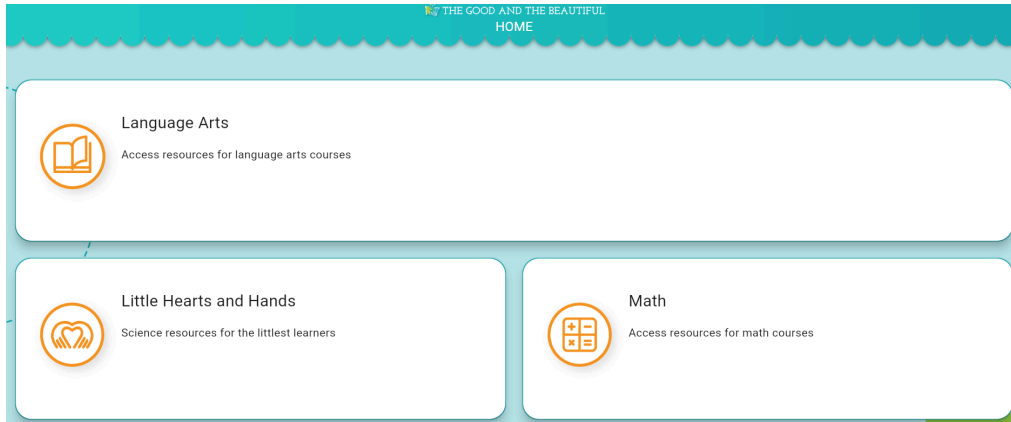

3. Select “Videos”

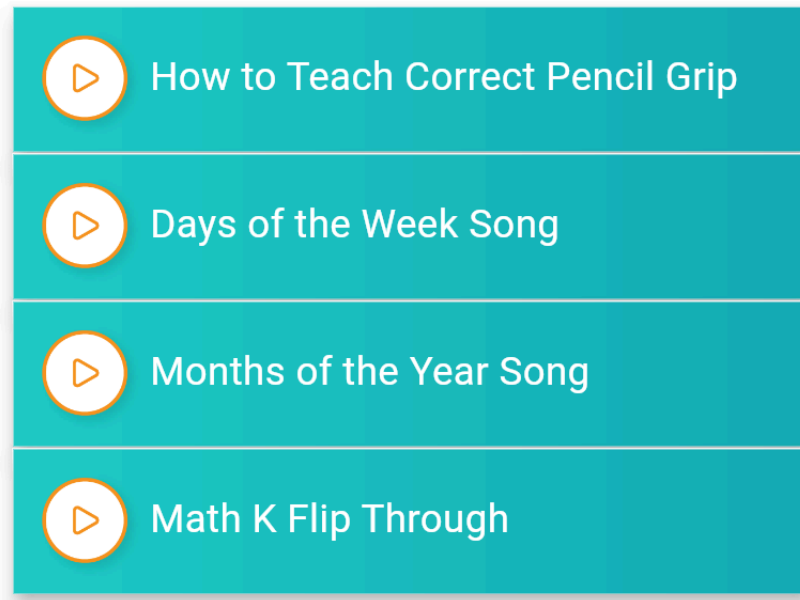

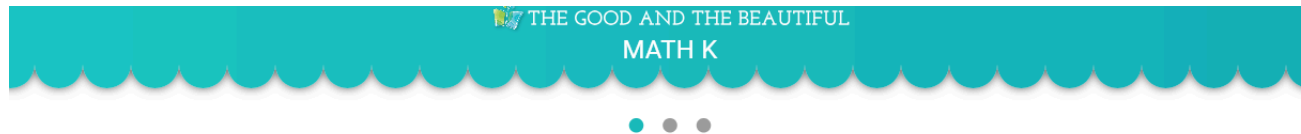

4. View and practice all videos until familiar and mastered! Some are more for parents to *learn how to teach the concept*. Others are for students to listen and learn from!

How to Access Kindergarten Math Prep Video Resources

1. Click on the link to the app. This is the page that you should see when it first pulls up! Click the Math Section

2. Select the Kindergarten Level

3. View and practice all videos until familiar and mastered! Some are more for parents to *learn how to teach the concept*. Others are for students to listen and learn from!
