

## Notice of Intent

In light of the pending lawsuit against SB143 Warrior Legal Defense Fund, our county Peace Officers have reviewed Nevada SB143 and have determined it violates our oath to protect citizens' rights as it contains numerous overly broad and unenforceable sections.

Further, be it advised as a member of the Constitutional Sheriff's and Peace Officer Association, we make it known that our \_\_\_\_\_ County, Nevada is declared a Gun Sanctuary County in the State of Nevada for all.
