

# Meet the teacher

Mrs. Fogg

## Dear Families,

Welcome to fourth grade! I am looking forward to helping your child learn and grow this upcoming school year! It is my goal to foster the same love of learning that I have in each and every one of my students. Some of the things we will be doing this year include, project based learning, incorporating your children's interests whenever possible, and of course, arts integration. I believe students learn best when they can let their creativity shine! In math, I will be utilizing small groups in our class time to meet the needs of every child and support them in reaching the next level. In science, I will use hands-on experiments and real-world applications to engage every student. Please do not hesitate to reach out with any questions! [foggl@gccs-nh.org](mailto:foggl@gccs-nh.org)
