H E M P E D U C A T I O N

The Department of Public Safety (DPS) administers the Compassionate Use Program (CUP) in Texas, under the authority of the **Texas Health and Safety Code, Chapter 487**. Through the program, DPS operates a secure online registry of qualified physicians who can prescribe low tetrahydrocannabinol (THC) to patients with specific medical conditions. The registry, called the Compassionate Use Registry of Texas (CURT), is designed to prevent more than one qualified physician from registering as the prescriber for a single patient, is accessible to law enforcement agencies and dispensing organizations to verify patients of low-THC cannabis, and allows a physician to input safety and efficacy data derived from the treatment of patients for whom low-THC cannabis is prescribed. DPS also manages the licensing of organizations that dispense low-THC cannabis to patients in the Compassionate Use Registry of Texas

I have over 15 years of extensive background and training in both Healthcare Compliance and Pharmaceutical Compliance. Utilizing my expertise you will receive full compliance training for you and your staff, as well as an opportunity to register as a DPS licensed organization to dispense medicinal Hemp and Cannabis in your facility in accordance with all State and Federal Laws which may also serve as an additional revenue stream.
