

 **RTL**
INNOVATION

Proof of Concept, Product Development and R&D

R&D Services

Academic Support

POC and introduction to market

Network, Partnerships and Commercialisation

We have a huge network of logistics and supply chain businesses and personal where we are sector agnostic.

We find ways to insert your technology into our ecosystem and support it with project management. Measuring value and growing the offering as it adds value.

Cloud Migration and Funding

Relationships with accredited partners of AWS

Migration from On-premise or alternative Cloud based partners that come with funding

Cloud support from POC to full scale-up and commercialisation

Grants, Funding and Investment

We will support you with bid writing, for grants, business plans and investment pitches. We have experience with the following:

Innovate UK

Connected Places Catapult

Department for Transport

Local Authorities

Competitions

Overseas grants

Business Angels and VCs
